December 27, 2018

To the Honorable Board of Supervisors and the Citizens of the County of Nevada:

The Comprehensive Annual Financial Report (CAFR) of the County of Nevada for the fiscal year ended June 30, 2018 is hereby submitted in compliance with Sections 25250 & 25253 of the Government Code of the State of California. These statutes require all general-purpose local governments to issue an annual report on the financial position and activities of that government. The report must be presented in conformance with generally accepted accounting principles (GAAP) and must be audited by an independent firm of certified public accountants in conformance with generally accepted auditing standards (GAAS). The financial statements contained in this CAFR meet these requirements.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Since the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The financial statements contained in this CAFR have been audited by CliftonLarsenAllen, LLP (CLA), a Professional Corporation of Certified Public Accountants. Their audit was performed in accordance with GAAS. The auditors have concluded, based on their audit, that the financial statements combined with the accompanying footnotes present fairly, in all material respects, the financial condition of Nevada County as of June 30, 2018. A copy of their report is located at the front of the financial section of this CAFR. In planning and performing the audit of the financial statements, CLA considered the internal control structure of the County in order to determine appropriate audit procedures. During this review, no required reportable conditions were noted.

Management is required by GAAP to provide a management discussion and analysis (MD&A) in conjunction with financial statement reporting. The purpose of the MD&A is to introduce the basic financial statements and to provide an analytical overview of the financial activities of the County. The MD&A can be found immediately following the report of the independent auditors.

In addition to the annual audit of this CAFR, the County is required to undergo an annual single audit in compliance with the requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement. Information related to the single audit, including the schedule of expenditures of federal awards, findings and recommendations, and the auditors' report on the internal control and compliance with applicable laws and regulations, are presented in a separate publication.

## PROFILE OF THE COUNTY OF NEVADA

### General Information

With an area of about 978 square miles, the County of Nevada is situated in the gold country of northern California. The County is located about 45 miles northeast of Sacramento, 130 miles northeast of San Francisco, and 12 miles southwest of Reno, Nevada. It is bordered by Sierra County to the north, Yuba County to the west, Placer County to the south, and the State of Nevada to the east.

### County Government

Nevada County was organized by an act of the legislature, approved May 18, 1851. Before that time it had been a part of Yuba County, but the growth of population and business following the gold rush of 1849-50, plus the distance of the courts for trial of important criminal and civil business, resulted in the move for a separate county organization.

The County is a general law county and is governed by a five-member Board of Supervisors, elected to serve four-year terms. Each is elected from one of the five supervisorial districts of the County. Supervisors from District 3 and 4 are elected in gubernatorial election years (2014, 2018 etc) while supervisors from Districts 1, 2 and 5 are elected in presidential years (2012, 2016 etc.). District boundaries are adjusted after every federal census to equalize district population as closely as possible.

The Board of Supervisors is the legislative and executive body of County government and also serves as the governing body of the Nevada County Sanitation District No.1. In addition, members of the Board represent the County on numerous intergovernmental bodies. In its legislative duties, the Board adopts ordinances, resolutions and rules within the limits prescribed by State law and are responsible for seeing that all Federal and State mandated functions are properly discharged.

As an executive body, the Board determines annual budget allocation; approves contracts for public improvement projects and other specialized services; conducts public hearings on matters such as zoning appeals and planning issues; provides for the compensation of all County officials and employees; creates offices, boards and commissions as needed, appointing members and fixing the terms of office; directs an annual audit of all County financial records; provides policy direction to the County Executive Officer for

the operation and administration of County departments; and exercises executive authority for the provision of local government services to County residents.

The remaining elected officials are the Assessor, the Auditor-Controller, the Clerk-Recorder, the District Attorney, the Sheriff and the Treasurer-Tax Collector. The County Executive Officer (CEO) is appointed by the Board to run the day-to-day operations of the County.

### **County Services**

The County, with an average 798 full-time equivalent employees, provides a full range of services to its residents including public safety protection; corrections and probation; construction and maintenance of roads, bridges and other infrastructure; health services; public assistance programs; sanitation services; environmental services; libraries; and a variety of other general governmental services. Every resident of the County, directly or indirectly, benefits from these services. Most services performed by the County are provided for all residents, regardless of whether those residents live in cities or unincorporated areas. The County prides itself on being innovative in the delivery of services to its citizens. The following is a sampling of service enhancements recently deployed:

- The County Executive Office coordinated the fourth Citizens Academy for citizens to gain additional knowledge about county government, develop understanding of their role in governments and develop a pool of knowledgeable individuals to serve on future boards and commissions.
- The Roads Engineering department implemented Ask Nevada County, a platform for citizen service requests and include mobile and web based applications.
- The Library toured the Oculus Rift and HTC Vive virtual reality systems throughout its branch centers and on the Mobile Tech Van to educate the public on emerging virtual reality technology. This grant project was funded through the California State Library.
- The 24 hour Crisis Stabilization Unit serviced clients over 715-crisis encounter and 96 individuals were diverted from psychiatric hospitalization.
- The Planning Department worked with the Health and Human Services Agency to complete Environmental Clearances for residential leasing activities for transitional housing funded through a HUD program.
- The Probation Department reduce their recidivism rate for the AB 109 population to 10% from 14.75% the prior year by providing accountability, intensive supervision strategies and evidence based approaches.
- The Energy Services Program brought three out of five solar system under construction during 2017-18 online providing clean energy and reduced electrical costs to County facilities.

### **Accounting Information**

The accounts of the County are organized on the basis of funds, each of which is considered a separate entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which the spending activities are controlled.

The governmental reporting entity consists of the County and its component units. Component units are legally separate organizations for which the Board of Supervisors is financially accountable or other organizations for which the nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The following blended

component units are considered to be part of the primary government for reporting purposes: Nevada County Sanitation District, the Nevada County Finance Authority, Special Districts governed by the Board, and Special Assessment Debt with County commitment. Note 1 of the Notes to the Financial Statements contains additional information on these entities.

### **Budgetary Process**

The County is required by State law to adopt a balanced budget by October 2nd of each fiscal year. The County's established practice is to complete the budget process and formally adopt by July 1. The process begins in February with budget instructions issued to departments by the County Executive Officer (CEO). Department heads are responsible for preparing and managing their budgets. The County Executive Office reviews departmental projections for expenditure and income accuracy, consistency with budget policies, and planned attainment of the County's goals and objectives. As a recommending body to the CEO, a Budget Subcommittee is appointed, whose members provide a comprehensive review of department requests for service levels, funding, and staffing. The subcommittee consists of two members of the Board of Supervisors. Also serving as advisors are the elected Auditor-Controller, the County Executive Officer and the Deputy County Executive Officer. The Board of Supervisors is responsible for adopting the budget, after considering it as a whole, and gauging its success in reflecting County goals and priorities for the community. After adoption of the budget, the County Executive Officer's staff reviews and monitors revenues and expenditures quarterly and assists departments in fiscal management as necessary.

The County Auditor-Controller is responsible for monitoring and reporting expenditures within budgeted appropriations. Budget information is presented in the statements that follow for the general and special revenue funds. This budget data is prepared on the modified accrual basis consistent with comparable actual amounts. Budgets are also adopted for the enterprise and internal service funds. Budget appropriations represent original amounts adjusted by budget transfers and appropriation amendments. Encumbrance accounting is utilized during the year for budget control purposes. However, encumbrances outstanding at year-end do not constitute expenditures or liabilities, but rather reserves of fund balances. Unencumbered budget appropriations lapse at the end of the fiscal year.

The CEO may approve transfers of appropriations between major objects of expenditure within the same service budget unit (SBU) and fund. The Board must approve amendments or transfers of appropriations between SBUs within any fund and supplemental appropriations necessary and normally financed by unanticipated revenues during the year. Any deficiency of budgeted revenues and other financing sources over expenditures and other financing uses is financed by beginning available fund balances.

### **LOCAL ECONOMY**

The County of Nevada is a rural community located within a convenient distance from urban centers in Sacramento, San Francisco Bay Area and Reno. The major sectors of employers in the government's boundaries include Education & Health Services, Leisure & Hospitality, and Federal, State and Local governments.

### **Population**

The 2018 estimated population figures, as provided by the State Department of Finance for the County are 99,155. This is a slight increase from 2017 with about 67% or 66,207 of the residents living in the unincorporated areas. The Town of Truckee is the largest of the three cities within the County, with approximately 16,681 residents in 2018. The City of Grass Valley is the second largest city within the

boundaries of the County with a population of 13,041. Nevada City serves as the County seat with a population of 3,226.

### Labor Force

The County's June 2018 labor force totaled 48,640, which was an increase of 1200 from the 2017 figure for the same month. Nevada County's unemployment rate in June 2018 was 3.8% which was a decrease from June 2017's unemployment rate of 4.3%, California's statewide rate was 4.2% for the same June time period. The median household income within the County of Nevada is \$57,429 (in 2016 dollars as provided by the US Census Bureau). This is 18% lower than the California median household income of \$67,739.

The County, like many other rural counties, is in the economic recovery cycle and seeing strong indicators of improvements. The 1% Local Sales and Use Tax revenue to the County increased 6% from year over year which is an indicator consumer confidence is rising helping the local economy rebound. Sales tax revenue is estimated to increase approximately 5% in the subsequent fiscal year.

### Housing

The real estate market continues to show improvement with housing prices on the increase. Per RealtyTrac, the median residential property price in Nevada County increased 24% from \$355,000 in September 2017 to \$440,000 in September of 2018. The real estate market in the eastern portion of the county has decreased with the median sales reported at \$585,000, which is a 9% decrease from 2017.

### Property Tax Collection and Apportionment

Property taxes levied countywide (secured, unsecured and unitary) rose in fiscal year 2017-18 to \$188,649,086. This was an 5.9% increase over the previous fiscal year total of \$178,211,728. The rising home values reflected in the activity in the real estate market along with the adjustments to assessed values for those properties under the California Prop 8 assessment program attributed to this growth in property tax revenue.

The Auditor-Controller calculates the local property tax bills based on assessed values as provided by the Assessor. The Treasurer-Tax Collector then mails the tax bills and is charged with the collection. The

Auditor-Controller apportions all property tax revenues to the various taxing entities within the boundaries of the County.

**County of Nevada  
2017-18  
Distribution of 1% Ad Valorem Property Taxes**

The continuing recovery of property values has a positive and direct effect on the County General Fund as property taxes are the largest source of discretionary dollars. The County's 2018-19 Adopted Budget does include an estimated 5.5% growth in property tax revenues from the prior year.

**Debt Administration**

Contained within the County's tax code area are numerous municipalities, school districts and special-purpose districts providing public services. These entities have outstanding bonds issued in the form of general obligation bonds.

Direct debt constitutes debt directly issued by the County while overlapping debt constitutes that portion of the debt issued by different public entities within the same tax code area as the County's. The County is not responsible for overlapping debt of the other local agencies.

The County has \$37,049,634 in direct debt outstanding as of June 30, 2018. This includes the 2011 Certificates of Participation, capital leases, special assessment debt and direct bank loans payable. This amount also includes the Sanitation District's State Revolving Fund loans for three major plant upgrades.

Nevada County's credit rating remains strong with an A+ from Standard & Poor's Rating Services.

## **RELEVANT FINANCIAL POLICIES**

### **Budget Policies**

The Board of Supervisors adopted several policies to guide the preparation of the budget. The following are several key items:

- Every effort will be made to provide same level service as the prior year. This may require the reorganization or streamlining of current resources.
- There will be no unfunded positions included in the budget. All vacancies will be reviewed for need and potential elimination. Revenue contingent positions that lose their State and Federal funding will be eliminated first before other cuts are enacted.
- The budget will only use reserve funds for emergency and one-time expenditures or for purposes designated to fund. Every effort will be used to preserve reserve funds.
- There will be a high level of fiscal discipline by the Department Heads, Budget Subcommittee, County Executive Office and Board of Supervisors. Every effort will be made to maximize County assets, achieve a high level of funding for employee retirement promises, evaluate cost per service item and develop and maintain contracts with vendors within Nevada County.

### **Financial Management Policies**

#### *Fund Balance Policy*

The Board of Supervisors adopted an updated comprehensive fund balance policy for the County's General fund in June 2015. In an effort to maintain the County's credit rating and meet seasonal cash flow shortfalls, the Board has established and committed to maintain a minimum unrestricted fund balance in the General Fund equal to 15% budgeted net General Fund appropriations for expenditures (appropriations less capital outlay, contributions to reserves, and operating contingencies). The policy establishes the guidance for prudent levels of fund balance and reserves to provide the ability to sustain services and planned capital projects with a minimal disruption during cyclical downturns.

#### *Debt Management Policy*

The Board of Supervisors adopted a debt management policy in early 2016. The objectives of this policy are to maintain financial discipline and long-term stability; enhance the quality of decisions by establishing a systematic and prudent approach to debt issuance and debt management; facilitate approval of debt issuance using predetermined policies; protect the County's good credit worthiness and minimize the County's borrowing costs; and incorporate debt management practices into the County's planning and project management activities.

### **Long-term Financial Planning**

The County's long term financial planning has focused on the capital and infrastructure improvements needs of Facilities and Roads. Each year a five-year Road Maintenance and Capital Improvement Plan (CIP) is prepared for and approved by the County Board of Supervisors. The CIP is a plan for short range and long-range plans to improve or rehabilitate the 562 miles of County-owned roads. While the CIP covers a five-year planning period, it is updated each year to reflect ongoing changes as new projects are added, existing projects modified, and completed projects deleted from the plan document. The 2018 CIP

represents a five-year, \$82 million program from July 2017 through 2022. The funding for the CIP projects is a mix of Federal, State and local sources and subject to availability.

The County's Capital Facilities Master Plan is reviewed and updated on a periodic basis. The current plan was presented and adopted by the Board in 2012. The plan document contains a facilities condition assessment of all buildings, the life expectancy of systems and finishes, and the priority of identified projects. The plan provides information on future facility needs and estimated costs. The County has assigned a portion of the General Fund's available fund balance to build toward the funding for future projects.

### **Major Initiatives**

The County Board of Supervisors annually reviews and adopts the County's guiding [Vision, Mission and Value Statements](#) which sets the tone from the top on serving our citizens, providing needed services and operating the government in a fiscally responsible manner.

- The County's Value Statements include Collaboration (both internal and external partners) and Innovation. In keeping with these two values and the County's Mission statement to ". . . deliver excellent services in a fiscally responsible manner", the county management looks for opportunities to provide needed services through various alternative delivery options. The primary service model that has proven to be most effective is based upon contracting with a qualified independent service provider which includes for-profit and not-for-profit entities. The most prevalent service area that has embraced this model is in the mental health services. Other service areas that have successfully transitioned to this model include the Animal Shelter services, Para-Transit services and a segment of the Housing and Community Services programs all which are being managed and operated by not-for-profit organizations as well as the Solid Waste franchise which includes the western county transfer operations by for-profit firm.
- The continued success of the alternative service delivery option has provided the County with a means to control a portion of its largest expenditure category, the salaries and benefits of its workforce, while still maintaining the level and quality of services. Staffing levels have gone from a high of 1,055 in 2001-02 to 798 authorized full time equivalent positions for the 2018-19 adopted budget.

### **Other Factors Affecting Financial Condition**

California local governments are particularly susceptible to State and Federal budgetary constraints and legislated changes. The State acts as a pass-through entity for much of the County's program revenues which are a mix of federal and state funding. A change in the funding formulas or shift of programs can cause great concern for the local agency that is required to maintain the program and services.

The continuing trend by the State is for the realignment of certain programs. Beginning with the 2012-13 fiscal year, the state shifted \$12.1 million dollars of funding for certain realigned programs in the areas of criminal justice, law enforcement, mental health, Cal WORKS, child welfare, foster care, and adoptions. The state shifted \$23.9 million dollars in 2017-18. While this shift promotes local control for service delivery, there is a concern as to whether an adequate flow of funds will be available in the future to support the on-going programs. The County remains cautious on impacts that could occur on funding in the future.

## **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the County of Nevada for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2017. This was the eleventh consecutive year that the Auditor-Controller's Office has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. Such CAFRs must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

## **Acknowledgments**

The preparation of this Comprehensive Annual Financial Report was possible with the combined efforts of numerous individuals. I wish to express my sincere appreciation to the staff in the Auditor-Controller's Office for their concerted effort and commitment to the preparation and review of this report. I would like to thank all the departments and agencies who contributed financial information to this report along with our independent auditors, CliftonLarsonAllen LLP and staff, for their assistance and guidance in producing this CAFR. Lastly, I would like to thank the Board of Supervisors and the County Executive Office for their leadership and fiscally prudent policies to sustain the financial health of the County.

## INDEPENDENT AUDITORS' REPORT

Board of Supervisors and Grand Jury  
County of Nevada  
Nevada City, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Nevada, California (the County), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2018, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

*Prior period adjustments*

As disclosed in Note 11 to the financial statements, prior period adjustments were recorded for the correction of errors in prior year financial statements. Our opinion is not modified with respect to this matter.

*Implementation of New Accounting Standards*

As disclosed in the notes to the financial statements, the County implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, during fiscal year 2018. Our opinion is not modified with respect to this matter.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of change in the net pension liability and related ratios and schedule of contributions, schedule of funding progress – other postemployment benefits, infrastructure assets reported using the modified approach, and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Nevada's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2018 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

This section of the County of Nevada's (County's) comprehensive annual financial report (CAFR) provides an overview and analysis of the County's financial activities for the fiscal year ended June 30, 2018. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements and notes to the financial statements following this section.

**FINANCIAL HIGHLIGHTS**

- In fiscal year 2017/18 the county implemented a new GASB standard, GASB 75, "Accounting and Financial Reporting for Postemployment Benefits (OPEB) other than Pensions." This statement required recognition of an actuarially determined liability, deferred inflows and outflows and expenses related to OPEB. The ending OPEB liability was \$31,361,000.
- Net position decreased \$3,478,440 or 1.3% from prior year. As referenced above, this was due in large part to the inclusion of the actuarially determined liability for OPEB. Absent the OPEB change, net position would have increased over \$27M.
- Total assets increased \$15,348,018 primarily due to increased construction in progress related to construction of the Sanitation District's pipeline project and improvements to roads and bridges.
- The County's total long-term liabilities increased from \$226,649,421 to \$265,731,032. This increase of \$39,081,611, or 17.2%, primarily related to the recognition of the increased Pension and OPEB liability.
- As of June 30, 2018, the County's governmental funds reported condensed ending fund balances in the amount of \$99,340,581, an increase of \$10,935,042, or 12.4% from the prior year's ending fund balance.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) **Government-wide** financial statements, 2) **Fund** financial statements, and 3) **Notes** to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements.

**Government-wide Financial Statements** are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows, with the difference, as illustrated below, reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

Net Position = (Assets + Deferred Outflows of Resources) – (Liabilities + Deferred Inflows of Resources)

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in a future fiscal period (e.g., uncollected taxes and earned but unused vacation leave).

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation. The business-type activities of the County include Western Nevada County Solid Waste, Eastern Nevada County Solid Waste, the Sanitation District, Transit Services, and the Airport.

Component units are included in our basic financial statements and consist of legally separate entities for which the County is financially accountable and that have substantially the same board as the County or provide services entirely to the County. The County's component units are: Nevada County Sanitation District, Nevada County Finance Authority, Special Districts Governed by the Board, and Special Assessment Debt with County Commitment.

*The government-wide financial statements can be found on pages 34-36 of this report.*

**Fund Financial Statements** are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains one hundred nineteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and other major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual and grouped fund data for the non-major governmental funds are provided in the form of *combining statements* elsewhere in this report.

*The governmental fund financial statements can be found on pages 37-42 of this report.*

**Proprietary funds** are maintained in two ways. Enterprise funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are used to accumulate and allocate costs internally among the County's various functions. The County maintains thirty-three individual proprietary funds. The Western Nevada County Solid Waste, Eastern Nevada County Solid Waste, the Airport, Transit Services and Sanitation District are used for business-type activity. The County uses internal service funds to account for its Fleet Management, Vision Insurance, Unemployment Insurance, Liability Insurance, Dental Insurance, Central Services and Energy Services. As these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Western Nevada County Solid Waste, the Airport, Transit Services and the Sanitation District are considered to be major funds of the County and are presented individually. The County's eight non-major internal service funds are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for each of these non-major enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

*The proprietary fund financial statements can be found on pages 43-50 of this report.*

**Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County maintains two hundred and ten fiduciary funds.

*The fiduciary fund financial statements can be found on pages 51-52 of this report.*

**Notes to the Financial Statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

*The notes can be found on pages 53-102 of this report.*

**Required Supplementary Information** consists of funding progress schedules for the County Defined Benefit Pension Plan and Other Post Employment Benefit Plan; the County's General Fund budgetary schedule to demonstrate compliance with the County's adopted budget; the budgetary comparison schedules for all Major Funds, and infrastructure assets reported using the modified approach to account for the County's road subsystem.

*Required supplementary information can be found on pages 103-114 of this report.*

**Combining and individual fund statements and schedules** referred to earlier provide information for non-major governmental funds, internal service funds, and fiduciary funds and are presented immediately following the required supplementary information.

*Combining and individual fund statements and schedules can be found on pages 115-177 of this report.*

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve as a useful indicator of the County's financial position over time. On June 30, 2018, the County's total assets and deferred outflows exceeded its liabilities and deferred inflows (net position) by \$266,692,207.

The County's total net position decreased from the prior year by \$3,478,440, or (1.3%) primarily due to the implementation of GASB 75 "Accounting and Financial Reporting for Postemployment Benefits (OPEB) other than Pensions". Implementation of this standard increased non-current liabilities by over \$31M to record the OPEB obligation, thereby reducing Net Position by a corresponding amount. Absent this change, net position would have increased over \$27M.

As shown in the schedule below, at June 30, 2018, the County's total assets are \$498,909,149. The total assets held increased \$15,348,018 or 3.2% from the June 30, 2017 balance of \$483,561,131 in both governmental and business activities. The \$4,943,724 increase in Current and other assets was due to higher cash and investment balances in both the General Fund and Road Fund. Capital Assets likewise increased \$10,404,294, mainly in construction in progress. Of this amount, \$4,560,433 was related to bridges, \$3,536,874 was related to further improvements to the Sanitation District pipeline project, \$1,772,990 was related to Energy Equipment and \$1,198,149 was related to Structures and Improvements.

Deferred outflows of \$50,241,730 represent pension and OPEB contributions of \$22,427,382 by the County during fiscal year 2017/18 that were made after the pension and OPEB liability measurement date of June 30, 2017. The balance represents the differences between projected and actual plan earnings and the change of assumptions in the plan management. One of the major impacts was the change of assumption lowering the discount rate on pension plans from 7.65% to 7.15% by the CalPERS Pension Board.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

As shown above, The County's total liabilities increased by \$33,474,945 or 13.6% during the current fiscal year to \$279,777,672. The ending liability balance represents an increase in governmental activities while business activities decreased. Current liabilities in both governmental and business activities decreased \$5,606,666 from the prior year because 2017 balances were notably higher than the usual trend due to outstanding liabilities related to the Solar Ranch project. The increase in long term liabilities was in governmental activities primarily due to the actuarially determined increased pension cost of \$17,222,400 and the inclusion of OPEB liability of \$31,361,000.

The following table shows the revenue, expenses and changes in net position for governmental and business-type activities. As the chart below indicates, revenues increased \$12,529,990 or 7.2%. Expenses increased \$17,088,804 or 11.2%. The net result was a decrease in net position of \$3,478,440 or (1.3%).

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

**Governmental Activities - Revenues:**

The chart below presents the percentage of total revenues by source for governmental activities totaling \$168,533,405 for the fiscal year ended 2017/18:

Key factors of the increase/decrease in *revenues* in the governmental activities:

- *Charges for Services* recorded an overall decrease of \$1,546,860 or (6.7)% from the prior year. The decrease was primarily due to a change in the accounting treatment of the \$1,120,627 Solid Waste concession agreement host fee. In 2018, this was reclassified to Service Concession Revenue to more accurately reflect the agreement. See the corresponding increase below in unrestricted interest and investment, which includes use of property.
- *Operating Grants and Contributions*, increased by \$5,896,319 or 7.3%. Much of this change is due to a state grant for Community Based Transitional Housing of \$1,945,000, State Mandate reimbursements of \$1,073,463 and a \$981,747 Quality Assurances payment for mental health services.
- *Capital Grants and Contributions* increased by \$2,602,117 or 67.9% due primarily to an increase in Federal funding related to bridge projects completed under the Capital Improvement Plan (CIP).

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

- *Property Taxes* increased by 5.2% or \$1,904,608 over the prior fiscal year as a result of the increase in the assessed values of real property within the County.
- The *Other Taxes* category increased by \$3,508,085 or 46.6% due to nearly \$970,005 increased Gas Tax revenues under SB1, the increased gas tax legislation, as well as over \$2,181,465 increased sales tax dedicated for the Library under voter approved Measure A which increased the sales tax dedicated for Library services from 1/8 cent to 1/4 cent.
- *Unrestricted Interest and Investments* increased \$296,475 due to change in recording the Solid Waste concession agreement host fee revenues. The Host Fees of \$1,120,627 were recorded here in Service Concessions, where it had been previously reported in Charges for Services - Franchise fees, in the prior year. However, this was offset by the adjustment of County investments to fair market value, as required by GASB 31.

**Governmental Activities - Expenses:**

The chart below presents the two-year comparison of the total expenses by function for governmental activities totaling \$155,788,880 for the fiscal year ended 2017/18:

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

Key factors of the increase/decrease in *expenses* in the governmental activities:

- *General Government* expenses increased by \$1,210,258 or 8.7%. The increase is primarily related to negotiated increases for salaries and benefits as well as pension and OPEB liability adjustments.
- *Public Protection* expenses increased \$7,078,196 representing a 13.4% change over the prior year. The increase is due in large part to the pension and OPEB liability adjustment.
- *Public Ways and Facilities* expenses increased by \$2,176,765 or 23.8% from prior year levels due primarily to an increase in infrastructure maintenance expenses including thermoplastic striping, safety improvements and high friction road treatment applications.
- *Health and Sanitation* expenses increased by \$3,215,665 or 10.3% over prior year levels primarily due to the adjustment to the pension and OPEB liabilities.
- *Education* expenses increased \$911,393 or 29.7% over prior year. The increase was due to the spending plan related to the increased revenues resulting from the passage of Measure A, a 1/4 cent sales tax increase to enhance the Nevada County Library system. The plan increased staff and hours of operation as well as added technology, subscriptions and books.

**Business-Type Activities – Revenues:**

Unlike the governmental activities discussed above, which are principally supported by taxes and intergovernmental revenues, business-type activities intend to recover all or a portion of their costs through user fees and charges. The chart below presents the percentage of total revenues by source for business-type activities which totaled \$16,840,440 for the year ended 2017/18:

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

Key factors of the increase/decrease in revenues in the business-type activities:

- Charges for Services were consistent with the trend from prior year.
- *Operating Grants and Contributions* increased \$813,571 or 36.5% primarily due to reclassifying the Transportation Taxes of \$2,163,230 from other taxes to operating grants which was offset by a reduction in Community Development Block Grant funding to the Sanitation District related to the Penn Valley pipeline project. Revenues were received for the project in the prior year but work continues in the current year.
- *Capital Grants and Contributions* increased \$183,173, or 5.9%. The Airport capital grant revenues increased by \$360,743 due to Federal funding for the perimeter fence project. The increase was partially offset by a reduction in revenues for the Sanitation District pipeline project.
- *The Other Taxes* category decreased \$1,515,123 or 95.7%. The decrease was due to reclassifying the transportation taxes from other taxes to operating grants.
- *Unrestricted Interest and Investment Earnings* decreased from \$187,334 in the prior year to \$4,831 in fiscal year 2017/18. The decrease was a result of the Fair Value adjustment of investments to reflect market value.

**Business-Type – Expenses:**

The chart below presents the two-year comparison of the total expenses among business-type activities totaling \$13,817,606 for the fiscal year ended 2017/18:

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

Key factors of the increase/decrease in *expenses* in the business-type activities:

- *Western Nevada County Solid Waste* expenses decreased \$129,471 or (21.4)% compared to the prior year due less salary and benefit costs.
- Expenses for *Transit Services* increased by \$584,669 or 15.5% over prior year levels. This increase was largely due to increased salary and benefit expense related to pension and OPEB adjustments.
- *Airport* operating expenses increased \$423,304 or 34.7% from the prior year primarily due to increases in salary and benefit expenses and increased overhead charges.
- *Sanitation District* operating expenses increased \$541,186 or 8.3% over prior year levels. This increase is due to adjustments to the pension and OPEB liability.

**FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS**

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The general government functions are contained in the General Fund, Special Revenue, Debt Service, and Capital Project Funds. Included in these funds are the special districts governed by the Board of Supervisors. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *total fund balance less the nonspendable portion* may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

As of June 30, 2018, the County's governmental funds reported condensed ending fund balances in the amount of \$99,340,581, an increase of \$10,935,042, or 12.4% from the prior year's ending fund balance. Approximately \$33,224,081 of the total fund balance of \$99,340,581 is available (committed, assigned or unassigned) to meet the County's current and future spending needs. Additional information on the County's fund balances can be found in Note 11 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

The Board of Supervisors may commit or assign a portion of the spendable fund balance in the current year within the constraints applied to the various categories of fund balance. Spendable fund balances are available for appropriation at any time, with the exception of the general reserve portion of the committed fund balance, which can only be decreased at the time the budget is adopted, except in cases of a legally declared emergency. An explanation of the various components of fund balance are defined and detailed below.

**Governmental Funds

The components of total fund balance are as follows:

*Nonspendable fund balance* \$1,676,165 are amounts that are not spendable in form, or are legally or contractually required to be maintained intact. This amount includes \$1,476,466 in advances for an advance to the Sanitation District Lake of the Pines zone for construction of solar panels, prepaid expenses of \$183,432 and inventory of \$16,267.

*Restricted fund balance*, \$63,252,468 consists of amounts with externally imposed constraints put on their use by creditors, grantors, contributors, laws, regulations or enabling legislation. Examples of restrictions on funds are those for road improvement projects, whereby funds are restricted in the Road Fund; debt service reserve requirements; and amounts reserved for legislatively realigned Health and Human Service programs.

*Committed fund balance*, \$7,080,000 are amounts established by the Board of Supervisors for a specified purpose before fiscal year-end and requires board action to appropriate. The General Fund general reserve of \$7,080,000 makes up this amount. Government Code section 29086 states that the General reserve may only be established, canceled, increased or decreased at the time of adopting the budget, except in cases of a declared emergency.

*Assigned fund balance*, \$22,960,217 is established by the Board of Supervisors for specified purposes. These items require Board action and may expire at any time. Some of the most significant items included in this balance is \$4,278,805 for capital facilities planning, \$3,987,000 set aside for PERS liability, \$1,650,000 for accumulated leave balances, \$1,324,000 for next year's projected budget shortfall, \$1,295,419 for the Operations Center project, \$1,084,534 for information systems infrastructure, \$1,073,000 for Economic Development Infrastructure, and \$750,000 for the next General Plan Update.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

*Unassigned fund balance* represents the remaining fund balance that has not been committed or assigned by the Board of Supervisors.

*The General Fund* is the chief operating fund of the County. At June 30, 2018, the total fund balance was \$34,293,923, an increase of \$1,353,288 from the prior fiscal year. The non-spendable portion of fund balance increased to \$1,533,648, while the spendable portion increased to \$32,760,275.

As a measure of the General Fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. The total fund balance equates to 52.5% of total General Fund expenditures, while spendable fund balance equates to 50.2% of total General Fund expenditures. Of the General Fund spendable fund balance, \$3,405,260, or 10.4% is restricted and \$7,080,000 or 21.6% is committed. For more information on fund balances, see Note 11.

One factor that may impact fund balance is the change in revenues from year to year. The following provides explanations for year over year revenue fluctuations by source:

**Revenues Classified by Source  
General Fund**

Revenue Type	FY 2018 Amount	Percent of Total	FY 2017 Amount	Percent of Total	Increase (Decrease) Amount	Percent Change
Taxes and assessments	44,063,660	69.7%	\$ 41,768,590	69.3%	\$ 2,295,070	5.5%
License and permits	1,871,536	3.0%	2,903,937	4.8%	\$ (1,032,401)	-35.6%

Charges for service	7,786,573	12.3%	8,097,887	13.4%	\$ (311,314)	-3.8%
Other revenues	1,430,673	2.3%	1,486,389	2.5%	\$ (55,716)	-3.7%
<b>Total</b>	<b>\$ 63,186,564</b>	<b>100.0%</b>	<b>\$ 60,311,530</b>	<b>100.0%</b>	<b>\$ 2,875,034</b>	<b>4.8%</b>

*Taxes and Assessments* – Increased \$2,295,070 due to a \$1,445,792 increase in secured property tax revenue which reflects the improved assessed values throughout the County and a \$635,821 increase in property tax in lieu of vehicle license fee and a \$236,475 increase in sales and use tax.

*License and Permits* – decreased \$1,032,401 from prior year due to the change of accounting treatment for the Solid Waste concession agreement host fees which are now reflected in Rents and Concessions-Use of Money and Property. See corresponding increase in use of money below.

*Fines and Forfeitures* – Revenues decreased \$611,716 primarily due to a lower amount of collection of delinquent property tax penalties.

*Use of Money and Property* – Revenues increased \$1,139,647 due to the reclassification of the Solid Waste concession agreement host fees that were recorded in license and permits-franchise fees in the prior year.

*Intergovernmental* – There was a large increase in this category of \$1,451,464, or 59.1%. This amount is comprised of \$559,112 increase in Probation MIOCR grant revenue, a \$381,559 increase in Federal revenues for Clean Renewable Energy Bonds (CREBS) interest subsidy and a \$139,924 increase in Federal in lieu of property tax revenues for tax exempt properties revenue.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

*Charges for Services* – Revenues generated from charges for services saw an overall decrease of \$311,314 from the prior year. This was primarily due to a decrease in election services revenue and a decrease in juvenile housing services revenue.

*Other Revenues* – The \$55,716 decrease in other revenues is the result of insurance proceeds for litigation reimbursement that was received in the prior year, which did not recur this year.

The following provides an explanation of changes in expenditures by function compared to the prior year levels:

**Expenditures by Function  
General Fund**

Expenditures by Function	FY 2018 Amount	Percent of Total	FY 2017 Amount	Percent of Total	Increase (Decrease) Amount	Percent Change
General government	\$ 11,512,434	17.6%	\$ 10,009,585	15.3%	\$ 1,502,849	15.0%
Public protection	51,883,516	79.5%	51,407,647	78.7%	475,869	0.9%
Health and sanitation	237,495	0.4%	197,686	0.3%	39,809	20.1%
Public assistance	397,235	0.6%	365,515	0.6%	31,720	8.7%
Education	43,167	0.1%	47,041	0.1%	(3,874)	-8.2%
Capital outlay	1,191,947	1.8%	3,323,443	5.1%	(2,131,496)	-64.1%
Total	\$ 65,265,794	100.0%	\$ 65,350,917	100.0%	\$ (85,123)	-0.1%

*General Government* – The increase of \$1,502,849 was due to an \$825,214 increase in salary and benefit expenditures and an increase of \$415,807 in facilities expenditures for energy efficiency lighting upgrades.

*Public Protection* – Expenditures increased \$475,869 due to salary and benefit increases of \$927,389. However, the salary increases were offset by expense reductions from costs that were moved from Sheriff and reclassified and more appropriately classified in General Liability.

*Capital outlay* – Capital outlay expenditures were \$2,131,496 lower in 2017/18 due to a reduction in solar energy project construction costs as that project nears completion.

**Other Major Funds Highlights**

*The Road Fund* is used to account for the activities associated with the construction and maintenance of county roads and bridges. Overall revenues increased by \$4,222,698 or 46.4% due to revenues from Federal Aid to Roads. Public Ways and Facilities expenditures increased \$1,257,327 or 16.1% due to increased road maintenance expenditures for striping and high friction surfacing. Capital expenditures increased by a total of \$643,813 or 10.7%. The combined effect of the above is that the Road Fund's fund balance decreased by \$344,756 or 25.8%.

*The Community Development Agency (CDA) Fund* is used to account for Planning, Building Inspection, Environmental Health and Code Enforcement activities. Revenues increased \$262,684 or 5.3% and expenditures also increased \$752,780. Although public protection and health and sanitation expenses increased, transfers and revenues, mostly charges for services, increased to offset the increase in expenditures which resulted in the CDA fund balance increasing \$94,254 or 2.6%.

*The Health and Human Services Agency Fund* is used to account for the majority of the Public Health, Behavioral Health and Social Service programs. Total revenues increased \$3,101,790. The revenue increases were for Community Based Transitional Housing, \$1,945,000 and State Mandate reimbursements (SB90) of \$1,073,463. Expenses likewise increased \$1,577,021 in salaries and benefits. The ending HHSA Fund balance increased \$3,717,865 or 29.7% with expenses increasing \$1,852,974.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

*The Local Realignment Fund* is used to account for the State's realignment of revenues and services for certain law enforcement, mental health and social services programs that were previously performed by the State and subsequently transferred to counties. Revenues increased \$1,090,409 over prior year due to increased realignment sales tax revenues. Expenses and transfers overall were less than current revenues which resulted in an increase in fund balance of \$1,887,784.

**Proprietary funds.** The County's proprietary funds consist of Enterprise funds and Internal Service Funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, but in more detail. Internal Service Funds are used to accumulate and allocate costs internally across the various County functions. Because internal service funds support governmental activities, they are excluded from the following analysis.

**Enterprise Funds

Total Net position in Western Solid Waste increased \$1,121,290 primarily due to a reduction in post closure liability. However, unrestricted net position of the Western Nevada County Solid Waste decreased \$3,985,307 due to restricting \$5,108,055 to meet post closure regulatory requirements.

The unrestricted net position of the Airport enterprise operation increased \$98,538 for the fiscal year ending June 30, 2018 to (\$13,482). Revenue increased due to insurance proceeds from a hangar fire of \$443,325 and increased fuel sales of \$198,785. This was partially offset by increased salary and benefit costs.

The Sanitation District's total net position increased \$1,721,902. However, unrestricted net position decreased \$2,965,788 from prior year which was offset by a corresponding increase in investment in capital assets of \$4,687,690.

Transit Services net position had a net increase of \$1,145,688 reflecting a prior period adjustment of \$1,913,611. This was offset by an increase in salaries and benefits expense of \$395,716 which was related to pension and OPEB liabilities. The net position at June 30, 2018 was \$1,211,726.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The difference between the original expenditure budget and the final amended budget was a \$7,574,377 net increase in appropriations (excluding other financing sources and uses). Explanations of significant changes for this increase are as follows:

- The General Government budget category increased by \$1,253,047 due to increases in personnel services of \$307,484, an increase in elections expense of \$344,814 for the Voter's Choice Act, and an increase in the capital facilities projects of \$415,423 which is related to planning and design costs of the new Operation Center.
- The Public Protection budget category increased by \$1,077,258. Of this amount, the budget was increased \$490,675 for the Probation department, \$223,550 for Sheriff support services, \$130,269 for Conflict indigent defense and \$109,096 for Clerk Recorder services.
- Total budgeted Capital Outlay increased by \$5,182,745. The major additional appropriations were for Capital Facilities countywide energy upgrades and solar project of \$3,558,609 and \$1,189,564 for Information Systems technology projects.

The difference between the final amended budget and the actual results at fiscal year-end was an increase to fund balance of \$7,416,737. Actual revenues were higher than the budgetary estimate by \$1,099,075 or 1.8% and expenditures were under the budgetary estimates by \$8,581,934 or 11.6%. Explanations of significant differences between budgeted and actual expenditures are as follows:

- The General Government actual expenditures were \$2,411,694 less than budgeted expenditure levels. Information Systems had the largest variance in expenditures in that actual expenditures were \$1,091,728 less than budgeted. In addition, Uses and Sources was \$284,994 under budget and facilities management was \$293,996 under budget.
- Actual expenditures for Capital Outlay were less than the amounts budgeted by \$4,230,964 related to the delay of major projects on capital facilities, information systems, and sheriff administration departments.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital assets** The County's investment in capital assets for its governmental and business-type activities as of June 30, 2018 amounted to \$354,260,509 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, buildings and improvements, equipment and software.

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

*Infrastructure (Road System)* – Infrastructure increased \$795,584 from prior year due to asphalt improvements using a new micro-resurfacing application.

*Infrastructure* – The total decrease of \$2,676,463 is a result of annual depreciation in the amount of \$519,025 in governmental activities and \$2,157,438 in the business-type activities.

*Structures and Improvements* – Structures decreased in both the governmental funds and the business type activities. Both decreases are due to annual depreciation of \$1,140,046.

*Construction in Progress* – Construction in progress (CIP) increased \$13,265,654. Business-type CIP increased by \$5,678,659 due to the pipeline and airport improvement projects and Lake of the Pines Solar project. Governmental-type CIP increased by \$7,586,995 due improvements to bridges, energy equipment, and structures and improvements.

*Equipment* – Decrease is the result of annual depreciation of \$1,903,059 offset by new purchases of \$1,667,470.

*Intangible Assets* – Decrease is the result of annual depreciation of \$66,532 offset by purchases of computer software of \$48,030.

*Additional information on the County's capital assets can be found in Note 4 on pages 70-72 of this report.*

**Long-term obligations.** At June 30, 2018, the County had total debt outstanding of \$49,053,286, net of pension and OPEB liability.

The County's total outstanding debt, net of pension and OPEB, decreased by \$4,423,511, or 8.3%, during the fiscal year. The outstanding debt can be classified in one of two ways – issued debt and liability recognition. The issued debt decrease is attributed primarily to the decrease in loans of \$2,195,268 and the decrease of \$1,357,905 in annual scheduled principal payments on the Certificates of Participation.

For liability recognition, the key reason for the increase is an \$26,282,725 increase due to the GASB 75 recognition of Net OPEB Obligation (NOO) and a \$17,229,689 increase in the Net Pension liability, partially offset by a reduction of \$614,544 in the estimated liability for the landfill post closure costs.

*Additional information on the County's long-term debt can be found in Note 6 on pages 75-80 of this report.*

**COUNTY OF NEVADA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2018**

**Infrastructure Assets Reported Under the Modified Approach**

The County is using the modified approach to account for the maintained road system. This method is in lieu of the depreciation method used for all other assets. The County has set their average Pavement Condition Index (PCI) rating at 62. The rating must be achieved for each three year assessment period. The most recent complete three year assessment occurred in fiscal year 2017/18 with an average PCI rating of 63.3.

**Road System Infrastructure Assets Using Modified Approach  
Summary Activity for Fiscal Year ending June 30, 2018**

Expenditures	Capital Improvements	Preservation Maintenance	General Maintenance	Total Cost
Planned	2,200,000	830,000	7,376,260	10,406,260
Actual	1,182,319	614,756	7,424,926	9,222,001
Difference	(1,017,681)	(215,244)	48,666	(1,184,259)

The reduction in capital improvement expenses from planned levels was due to delays in the Combie Road Corridor project.

Planned preservation and general maintenance expenditures decreased due to projects planned but postponed until 2018/19.

*Additional information on the County's use of the Modified Approach can be found in Required Supplementary Information (RSI) on page 106 of this report.*

**Economic Factors and Next Year's Budget for FY 2018/19**

The fiscal year 2018/19 adopted budget for all County funds totals \$235,688,597, a 2.8% increase when compared to the prior year. General fund spending is projected to be \$78,280,803 or 3.9% higher than prior year. Ending fund balance for the general fund is projected at \$27,495,991.

The following factors were considered as the budget for fiscal year 2018/19 was prepared.

- The fiscal year 2018/19 budget reflects a 5.5% growth in property tax related revenues to the County. This includes secured, unsecured, and unitary as well as the property transfer tax and supplemental property tax revenues.
  - The annual adjustment of property base year values is tied to the consumer price index (inflationary) factor, and historically, has been a factor of 1.02. The Assessor, however, has continued to review and to adjust property values as allowed by California law to reflect the current fair market value. This activity, in conjunction with the increase in sales prices, resulted in 6.1% positive growth in the assessed values countywide for the fiscal year 2017/18.
- The fiscal year 2018/19 budget contemplates just short of a 5% increase in the sales and use tax revenue stream. This has a direct effect on the sales tax revenue source for the Library fund as well as the Realignment program revenues and other County programs with a direct share of various State allocations based on sales tax collections.

Fund Balance - total governmental funds \$ 99,340,581

Amounts reported for governmental activities in the statement  
of net position are different because:

Capital assets used in governmental activities are not financial resources and  
therefore are not reported in the governmental funds balance sheets. 290,781,915

Other long term assets are not available to pay for current period expenditures and  
therefore are reported as unavailable revenues in the governmental funds. 5,722,997

Deferred outflows of resources reported in the statement of net position 48,208,903

Interest payable on long-term debt does not require the use of current financial  
resources and therefore is not accrued as a liability in the governmental fund  
balance sheets. (235,849)

Certain liabilities are not due and payable in the current period and therefore  
are not reported in the governmental funds.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND  
CHANGES IN FUND BALANCES TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES  
GOVERNMENTAL FUNDS  
YEAR ENDED JUNE 30, 2018**

Net Change to Fund Balance - Total Governmental Funds \$ 8,790,601

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for General Capital Assets, Infrastructure, and Other Related Capital Assets Adjustments	\$ 9,325,069	
Less: Current Year Depreciation	<u>(2,412,269)</u>	6,912,800

Unavailable revenues are reported as deferred inflows of resources in the governmental funds, but are recognized as revenues in the statement of activities. (1,166,120)

Long-term debt proceeds provide current resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities in the statement of net position.

Principal Retirements		2,327,881
Issuance of Debt		(429,994)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in Compensated Absences Payable	156,791	
Change in Accrued Interest on Long-Term Debt	266,207	
Amortization of Premium	67,905	
Change in Net Pension Liability and Related Deferred Inflows and Outflows	(5,459,917)	
Change in OPEB Liability and Related Deferred Inflows and Outflows	<u>909,499</u>	(4,059,515)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of certain activities of the internal service funds is reported with governmental activities. 330,381

Change in Net Position of Governmental Activities \$ 12,706,034

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of County of Nevada (County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

**A. Reporting Entity**

The County operates under an Administrator-Board of Supervisors form of government and provides various services on a county wide basis including law and justice, education, detention, social, health, road construction, road maintenance, transportation, elections and records, communications, planning, zoning and tax collection.

Generally accepted accounting principles require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Reporting for component units on the County's financial statements can be blended or discretely presented. Blended component units are, although legally separate entities, in substance part of the County's operations and, therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, would be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the Board of Supervisors. The financial statements of the individual component units may be obtained by writing to the County of Nevada, Auditor-Controller's Office, 950 Maidu Avenue, Nevada City, CA 95959 or via the web at

<https://www.mynevadacounty.com/195/Annual-Financial-Reports-Collection>.

**Blended Component Units**

*Special Districts Governed by the Board of Supervisors* – The County Board of Supervisors is the governing body of a number of special purpose district funds administered by the Department of Public Works. Among its duties, the County Board of Supervisors approves the budgets, special taxes and fees of these special districts. As an integral part of the County, these special districts are reported as a nonmajor special revenue fund in the County's financial statements.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

*Special Assessment Debt with County Commitment* – These funds were established to administer bonds issued by the County of Nevada on behalf of the County Service Area 22 Assessment District under the Improvement Bond Act of 1915. The County Board of Supervisors is the governing body of these funds and approves all payments. As an integral part of the County, these funds are reported as a nonmajor debt service fund in the County's financial statements.

*Finance Authority* – The Finance Authority was formed to assist the County in the financing of real or personal property for the benefit of Nevada County. The Finance Authority is the lessor for the County's Certificates of Participation (2011 Refunding), the Crown Point Building Loan, the Solar Lease Agreement, the Energy Conservation Loan and makes debt service payments on behalf of the County. The County Board of Supervisors appoints the governing body of the Finance Authority and because its financial and operational relationship with the County is closely integrated, the Finance Authority is reported as a nonmajor debt service fund in the County's financial statements.

*Sanitation District* – The County Board of Supervisors is the governing body of the Sanitation District. The Sanitation District accounts for activity related to providing customers with sanitation management and billing for services provided. As an integral part of the County, this special district is reported as a major enterprise fund in the County's financial statements.

Discretely Presented Component Units

These are no component units of the County which meet the criteria for discrete presentation.

Joint Agencies

The County is a member of the California State Association of Counties Excess Insurance Authority (CSAC). CSAC is a joint powers authority organized for the purpose of developing and funding excess insurance programs for member counties. CSAC operates public entity risk pools for workers' compensation, comprehensive liability, property, and medical malpractice, and the pool purchases excess insurance and services for members. CSAC is under the control and direction of a board of directors consisting of representatives of the fifty member counties. Complete audited financial statements can be obtained from CSAC's office at 75 Iron Point Circle, Suite 200, Folsom, California 95630. The County is not financially accountable for this organization and therefore it is not a component unit under Statement Nos. 14, 39 and 61 of the Governmental Accounting Standards Board.

**B. Basis of Presentation**

Government-Wide Financial Statements

The statement of net position and statement of activities display information on all of the nonfiduciary activities of the County and its blended component units. These statements include the financial activities of the overall government, except fiduciary activities. Eliminations have been made to minimize the double counting of internal activities.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which are normally supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the County's business-type activities and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Certain indirect costs, which cannot be identified and broken down, are included in the program expense reported for individual functions and activities. Program revenues include (1) charges paid by the recipients of goods and services offered by the program, (2) operating grants and contributions, and (3) capital grants and contributions. Taxes and other items not properly included among program revenues are presented instead as general revenues.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis is placed on major funds within the governmental and proprietary categories; each is displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

- The General fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, health and sanitation, public assistance, and education services.
- The Road fund is a special revenue fund used to account for the revenues and expenditures for streets and road expansion. Funding comes primarily from state highway users taxes, state and federal highway improvement grants and local funding.
- The Community Development Agency fund is a special revenue fund used to account for the operation of community development programs. Funding comes primarily from construction permit and inspection fees, state grants and charges for various services.
- The Human Services Agency fund is a special revenue fund used to account for revenues and expenditures for human service programs. Funding comes primarily from state, state realignment, and federal revenues.
- The Local Revenue Fund 2011 Realignment fund is a special revenue fund used to account for revenues and expenditures related to public safety programs. Funding comes primarily from state realignment revenues.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

The County reports the following enterprise funds:

- The Western Nevada County Solid Waste fund is an enterprise fund used to account for activity related to providing customers with solid waste management and landfill postclosure maintenance services.
- The Airport fund is an enterprise fund used to account for activity related to the County Airport and billing for services provided by the County.
- The Sanitation District fund is an enterprise fund used to account for activity related to providing customers with sanitation management and billing for services provided by the County.
- The Transit Services fund is an enterprise fund that accounts for administration and delivery of public transit and paratransit services, primarily in Western Nevada County.
- The Nonmajor Enterprise Fund is the Eastern Nevada County Solid Waste Fund which accounts for the solid waste support services in Eastern Nevada County.

The County reports the following additional fund types:

- Internal Service Funds account for the County's fleet maintenance, mail, self-insurance programs and energy services which provide services to other departments on a cost reimbursement basis.
- The Investment Trust Funds account for the assets of legally separate entities that deposit cash with the County Treasurer. The assets of these funds are held in trust for other agencies and are part of the County's external pool. The external investment pool is made up of five separate funds; Special Districts governed by Local Boards, School Districts, School Districts Debt Service, Courts and Jury/Witness and Local Transportation Authority. The County is obligated to disburse monies from these funds on demand.
- Agency Funds account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the County, acting in the capacity of an agent for distribution to other governmental units or other organizations. The agency funds maintained by the County include two separate components.

*Accrued Trust Funds* – Accounts for property tax receipts awaiting apportionment to other local government agencies and investment earnings awaiting apportionment to other local government agencies.

*County Departmental Agency* – Accounts for all assets under the control of County departments which are held in a fiduciary capacity.

NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**C. Basis of Accounting and Measurement Focus**

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales tax, grants, entitlements, and donations. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are considered susceptible to accrual and are accrued when their receipt occurs within sixty days after the end of the fiscal year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in the various functions of the governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary funds include trust funds and agency funds. All trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. Agency funds are reported using the accrual basis of accounting to recognize receivables and payables.

**D. Noncurrent Governmental Assets/Liabilities**

Noncurrent governmental assets and liabilities, such as capital assets and long-term liabilities, are reported in the governmental activities column in the government-wide statement of net position.

**E. Cash, Cash Equivalents, and Investments**

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

accordance with the California State Government Code and the County's investment policy.

Investment transactions are recorded on the trade date. Investments are reported at fair value which is determined using selected bases annually. The fair value represents the amount the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller. Short term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Corporate notes are valued by the safekeeping institution and by the County brokerage firm. Cash deposits are reported at carrying amount which reasonably estimates fair value. Managed funds not listed on an established market are reported at the estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities.

Participant's equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Amortized premiums and accreted discounts, accrued interest, and realized gains and losses, net of expenses, are apportioned to pool participants every quarter. This method differs from the fair value method used to value investments in these financial statements, as unrealized gains or losses are not apportioned to pool participants. During the fiscal year ended June 30, 2018, the County Treasurer has not entered into any legally binding guarantees to support the value of participant equity in the investment pool.

Income from pooled investments is allocated to the individual funds or external participants based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Interest income earned in agency funds where there are no interest earnings requirements are assigned to the General Fund per County policy. Income from non-pooled investments is recorded based on the specific investments held by the fund. The interest income is recorded in the fund that earned the interest.

For purposes of the accompanying statement of cash flows, the County considers all highly liquid investments with a maturity of three months or less when purchased, including cash with fiscal agents and restricted cash, and their equity in the County Treasurer's investment pool, to be cash equivalents.

**F. Restricted Cash and Investments**

Restricted assets in the governmental funds represent cash and investments held with the General Fund in the amount of \$2,395,275 and the Finance Authority for debt service in the amount of \$883,559.

In addition, the Agency funds reflect cash and investments held for various restricted purposes as restricted cash of \$913,235.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**G. Receivables**

Receivables for governmental activities consist mainly of accounts, taxes and intergovernmental. Receivables in business-type activities consist mainly of user fees and intergovernmental. Management believes its receivables are fully collectible and, accordingly, no allowance for doubtful accounts is required.

**H. Other Assets**

Inventory

Inventories are stated at average cost for governmental and proprietary funds. Inventory recorded by governmental funds includes materials and supplies for roads. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Inventory recorded by proprietary funds includes supplies for internal service funds. Proprietary fund inventories are recorded as expenses at the time the inventory is consumed.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**I. Loans Receivable**

For the purpose of the governmental fund financial statements, special revenue fund expenditures relating to long-term loans receivable arising from mortgage subsidy programs are charged to operations upon funding and the loans receivable are recorded. The balance of the long-term receivable includes loans that may be forgiven if certain terms and conditions of the loans are met.

**J. Capital Assets**

Capital assets, including public domain (infrastructure such as roads, bridges, sidewalks, sewer, and similar items), are defined by the County as assets with a cost of more than \$5,000 for equipment, \$25,000 for intangibles and \$50,000 for structures and infrastructure and an estimated useful life of more than one year. Capital assets are recorded at historical or estimated historical cost if actual historical cost is unavailable. Donated capital assets, donated works of art and similar items and capital assets received in a service concession arrangement are reported at acquisition value, which is the amount that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The County has elected to use the modified approach to report its maintained road system. Under the modified approach depreciation is not reported for this system and all expenditures, except for betterments and major improvements made to the system, are expensed.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

The County manages its maintained road system using the Metropolitan Transportation Commission’s Pavement Management program (Program) and accounts for them using the modified approach. The Program establishes a Pavement Condition Index (PCI) on a scale from zero to one hundred (0-100) for each road segment being maintained by the Department of Public Works. The Program has defined the pavement of roads with PCIs of 40 or better to be in a “Fair” or better condition and roads with a PCI of 55 or better to be in a “Good” or better condition. The system-wide average PCI number for all paved or chip sealed roads in the County maintained road system is calculated on a weighted by section, road area basis. The amount that an individual road section’s condition contributes to the overall system average rating is proportionate to the amount of the total systems’ surfaced area that the individual segment contains. It is the County’s policy relative to maintaining the maintained road system to keep an average PCI rating of 62. This rating must be achieved over a three year period.

Capital assets used in operations are depreciated or amortized using the straight line method over the assets estimated useful life in the government-wide financial statements. The range of estimated useful lives by type of asset is as follows:

<u>Depreciable Asset</u>	<u>Estimated Lives</u>
Equipment	2 to 25 Years
Structures and Improvements	5 to 50 Years
Infrastructure (Except for the Maintained Road System)	20 to 75 Years
Intangibles (Computer Software)	5 Years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

**K. Property Tax**

The State of California’s (State) Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value, as defined by Article XIII A, and may be increased by no more than 2% per fiscal year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from a 1% tax levy among the County, cities, school districts, and other districts.

The County of Nevada is responsible for assessing, collecting, and distributing property taxes in accordance with State law. Property taxes are levied on both secured (real property) and unsecured (personal property other than land and buildings) property. Supplemental property taxes are assessed upon transfer of ownership in property or completion of new construction.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

The County levies, bills, and collects taxes as follows:

	<u>Secured</u>	<u>Unsecured</u>
Valuation/Lien Dates	January 1	January 1
Due Dates	November 1 (1st installment) February 1 (2nd installment)	July 1
Delinquent Dates	December 11 (1st installment) April 11 (2nd installment)	August 31

The County of Nevada apportions secured property tax revenue in accordance with the alternate methods of distribution, the “Teeter Plan”, as described by Sections 4701 through 4717 of the California Revenue and Taxation code. Under the Teeter Plan, the County Auditor-Controller, an elected official is authorized to pay 100% of the property taxes billed (secured, secured supplemental, and debt service) to the taxing agencies within the County. The County recognizes property tax revenues in the period for which the taxes are levied. Previously, such taxes were allocated and paid as the taxes were collected.

To fund the advances, the County borrowed from its pooled cash and investments. The advances are secured by delinquent taxes receivable and will be repaid as delinquencies plus penalties (10 percent) and interest (18 percent, per annum or 1.5% per month) when collected, per R&T code §4103. As of June 30, 2018, the outstanding net borrowing totaled \$3,360,141 and was recorded as a reduction of cash in the General fund with a corresponding due from other funds.

**L. Interfund Transactions**

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either “due to/from other funds” (i.e. the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenditures or expenses in the reimbursing fund and reductions to expenditures or expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**M. Unearned Revenue**

Under the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. When assets are recognized in connection with a transaction before the earnings process is complete, those assets are offset by a corresponding liability for unearned revenue.

**N. Compensated Absences**

It is the County's policy to permit employees to accumulate a limited amount of earned but unused vacation or personal paid leave. An unlimited amount of sick leave may be accrued in accordance with each bargaining unit's MOU and, upon separation from County's service, will either be paid to employees or converted to PERS service credit. In the government-wide financial statements the accrued compensated absences is recorded as an expense and related liability, with the current portion estimated based on historical trends. In the governmental fund financial statements the expenditures and liabilities related to those obligations are recognized only when they mature. In the proprietary funds the accrued compensated absences is recorded as an expense and related liability in the year earned. The County includes its share of social security and medicare taxes payable on behalf of the employees in the accrual for compensated absences.

**O. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has deferred outflows of resources related to pensions and other post employment benefits.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The County has deferred inflows of resources related to unavailable revenues reported under the modified accrual basis of accounting in the governmental funds balance sheet and related to pensions and other post employment benefits in its proprietary and government-wide statements. The governmental funds report unavailable revenues for receivables that have not been received within the modified accrual period. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**P. Estimates**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Q. New Accounting Pronouncements**

Governmental Accounting Standards Board Statement No. 75

In June 2015, the GASB issued GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which establishes new accounting and financial reporting requirements for OPEB plans improving the accounting and financial reporting by state and local governments for OPEB and provides information provided by state and local government employers about financial support for OPEB that is provided by other entities. This Statement replaces the requirements of Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* and Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. GASB Statement No. 57. As of July 1, 2017 the County implemented this Statement and restated the beginning net position on the government-wide statements for governmental activities and business type activities by \$22.8 million and \$795 thousand, respectively, to establish beginning net OPEB liability of \$30.2 million and \$1.2 million respectively and to establish beginning deferred outflows of \$3.9 million and \$156 thousand, respectively. Additionally, beginning net position on the proprietary fund statements for enterprise funds and internal service funds were restated by \$951 thousand and \$303 thousand, respectively, to establish beginning net OPEB liability of \$1.2 million and \$347 thousand, respectively and to establish beginning deferred outflows \$156 thousand and \$46 thousand, respectively.

**R. Reclassification of Prior Year Presentation**

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of activities.

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Rebatable Arbitrage**

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the County performed calculations of excess investment earnings on various bonds and financing and at June 30, 2018, does not expect to incur a liability.

**Expenditures in Excess of Appropriations**

Administrative – non major special revenue fund had \$27,388 of expenditures in excess of budget. Sufficient revenues were available to fund these expenditures.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**NOTE 3 CASH AND INVESTMENTS**

The County Treasurer manages, in accordance with California Government Code Section 53600, funds deposited in the investment pool by the County, all County school districts, various districts, and some cities within the County. The County investment pool is not registered with the Securities and Exchange County as an investment company. California Government Code and the County's investment policy govern the investment pool activity. The objectives of the policy are in order of priority, safety, liquidity, yield and public trust. The pool attempts to match maturities with planned outlays and maximize the return on investment over various market cycles. Yield is considered only after safety and credit quality have been met, consistent with limiting risk and prudent investment principles.

The Board of Supervisors monitor and review the management of the public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the Board of Supervisors and the investment pool participants every month. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value. All cash and investments with the exception of deposits and investments with fiscal agents are considered part of the investment pool.

The County sponsored investment pool includes both internal and external participants. The portion of the pool attributable to external pool participants, which are considered involuntary participants, are included in the primary government as an Investment Trust Fund which does not have separate financial reports. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The investments of involuntary participants in the investment pool totaled \$91,710,690 at June 30, 2018.

**B: Cash**

At year-end, the carrying amount of the County's cash deposits was \$4,538,742 and the bank balance was \$12,985,952. The difference between the bank balance and the carrying amount represents outstanding warrants and deposits in transit. In addition, the County had cash on hand of \$847,968.

*Custodial Credit Risk For Deposits* – Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The County's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of the public funds. The first \$250,000 of the County's deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Deposits more than the \$250,000 insured amount are collateralized.

**C. Investments**

The investment policy provides the basis for the management of a prudent, conservative investment program. Funds are invested to provide the maximum security of principal with secondary emphasis on achieving the highest return, while meeting daily cash flow needs. All investments are made in accordance with the Government Code and, in general, the investment policy is more restrictive than state law. Under the provisions of the County's investment policy the County may invest or deposit in the following:

- Banker's Acceptances
- Commercial Paper
- Local Agency Investment Fund
- Medium Term Corporate Notes

*Interest Rate Risk* – Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the County manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. The County limits its exposure to interest rate risk inherent in its portfolio by limiting individual maturities to five years or less.

As of June 30, 2018, the County had the following investments, all of which had a maturity of five years or less:

*Credit Risk* – Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the County's investment policy, and the actual rating as of year-end for each investment type.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

*Custodial Credit Risk for Investments* – Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover its deposits or collateral securities that are in the possession of an outside party. To mitigate the custodial credit risk the County requires that all of its managed investments be held in safekeeping by a third party under contract with the County. At June 30, 2018, the County’s investment pool had no securities exposed to custodial credit risk.

*Concentration of Credit Risk* – Concentration of credit risk is the risk of loss attributed to the magnitude of the County’s investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. State law and the investment policy of the County contain limitations on the amount that can be invested in any one issuer. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) at June 30, 2018, that represent 5% or more of total County investments are as follows:

Investment Type	Amount Type	Percentage of Investments
Federal Home Loan Mortgage Corporation	\$ 14,684,580	7.5%
Federal Home Loan Bank	26,488,660	13.5%
Federal National Mortgage Association	18,567,810	9.4%
Federal Farm Credit Bank	15,605,640	7.9%

**D. Investment in External Investment Pools**

*Investment in Local Agency Investment Fund* – The County of Nevada is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code and is managed by the Treasurer of the State of California. The Local Investment Advisory Board (LAIF Board) has oversight responsibility for LAIF. The LAIF Board consists of five members as designated by State statute.

Investments in LAIF are available on demand and are stated at amortized cost, which approximates fair value. The fair value of the County’s position in the pool is the same as the value of the pooled shares. At June 30, 2018 the County’s investment position in LAIF was \$202,013. The total amount invested by all public agencies in LAIF on that day was \$88.82 billion. Of that amount, 97.33% is invested in non-derivative financial products and 2.67% in structured notes and asset-backed securities.

*Investment in California Asset Management Program* – The County of Nevada also maintains an investment in the California Asset Management Program (CAMP) a California JPA established in 1989 by the treasurers and finance directors of several California agencies. CAMP was created to provide professional investment services to California public agencies at a reasonable cost. The County’s investment with CAMP as of June 30, 2018, was \$35,905,635, which approximates fair value.

**E. Fair Value Measurement**

The Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

*Level 1* – Investments reflect prices quoted in active markets;

*Level 2* – Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered to be active; and,

*Level 3* – Investments reflect prices based upon unobservable sources.

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. Estimated claims are liquidated by charges for services collected through individual internal service funds. The capital lease liability is liquidated by lease payments made by the departments leasing the equipment. Compensated absences for the governmental activities are generally liquidated by the fund where the accrued liability occurred, which is most significantly through the general fund. The net other postemployment benefit obligation for the governmental activities is generally liquidated by the fund where the accrued liability occurred, which is most significantly through the general fund.

Special assessment bonds with County commitment are not a direct responsibility of the County. Principal and interest payments are funded from the collection of special assessments. For the governmental activities, the debt is accounted for in the Special Assessment Debt with County Commitment component unit debt service fund. For the business-type activities, the debt is accounted for in the Sanitation District component unit enterprise fund. The County is obligated for special assessment debt only to the extent of special assessments collected.

Individual issues of debt payable outstanding at June 30, 2018, are as follows:

**NOTE 8 CLOSURE/POSTCLOSURE**

The County is responsible for two closed solid waste landfill sites. State and federal laws and regulations require the County to place a final cover on its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the landfill sites for thirty years after closure. GASB Statement No. 18 requires a portion of these closure and postclosure care costs be reported as an operating expense in each period based on landfill capacity used as of each statement of net assets date. Since the landfills are no longer accepting waste, the entire estimated expense and related liability have been reported.

As of June 30, 2018 the County's estimated remaining liability for postclosure maintenance costs for the closed landfills was \$4,985,534. This estimate is based on the amount that would be paid if all equipment, facilities, and services required to close and/or monitor the landfills were acquired as of June 30, 2018. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County has applied the annual inflation factor to the liability each year and has reduced the liability by actual expenses incurred.

The County is required by the California Code of Regulations to demonstrate financial responsibility for postclosure maintenance costs through a pledge of revenues. The County has met this requirement for one closed landfill through a pledge of annual parcel charges. The other closed landfill is exempt from this requirement and is utilizing the remaining fund balance for postclosure maintenance costs.

**NOTE 9 SERVICE CONCESSION ARRANGEMENT**

The County entered into an agreement with USA Waste of California (Waste Management of Nevada County) beginning July 1, 2012 to collect, transport, process and dispose of solid waste and operate the transfer stations in the western county area for the next 20 years. Under the terms of the agreement, Waste Management will be entitled to all collection service fee and tipping fee revenues during the 20-year period. Waste Management will remit to the County a franchise fee of 12% of all collection service revenues and a franchise host fee of \$20 per ton of solid waste and \$10.50 per ton of construction and demolition

waste leaving the transfer station. In addition, Waste Management will provide up to \$5.6 million for the construction of a new or improvements to the existing transfer stations. Waste Management is responsible for complying with all applicable state and federal regulations in the performance of services related to this agreement. The County entered into the agreement to improve long range planning and cost stability; facilitate transfer station improvements; reduce risk from changes in regulations; and to facilitate the achievement of the waste diversion mandates and objectives specified in the California Public Resources Code. The County reports the transfer stations and related equipment as capital assets with a carrying amount of \$541,304 at year-end.

**NOTE 10 NET POSITION**

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets

Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position

Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. These principally include restrictions for capital projects, debt service requirements and other special revenue fund purposes

Unrestricted Net Position

All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

**Net Position Flow Assumption**

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position is available, it is considered that restricted resources are used first, followed by the unrestricted resources.

**Net Position Restricted by Enabling Legislation**

The government-wide Statement of Net Position reports \$73,964,295 of restricted net position, of which \$16,389,485 is restricted by enabling legislation.

**NOTE 11 FUND BALANCES**

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2018, fund balance for governmental funds is made up of the following:

*Nonspendable Fund Balance* – amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: Inventories and prepaid amounts.

*Restricted Fund Balance* – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance* – amounts that can only be used for the specific purposes determined by formal action of the County’s highest level of decision-making authority. The Board of Supervisors is the highest level of decision making authority for the County that can, by adoption of an ordinance commit fund balance. Once adopted, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period. The General Reserve portion of committed fund balance is further limited by California Government Code Section 29086 which stated that the general reserve may only be established, canceled, increased or decreased at the time of adopting the budget except in cases of a declared emergency.

*Assigned Fund Balance* – amounts that are constrained by the County’s intent to be used for specific purposes. The intent can be established at either the highest level of decision-making, or by a body or an official designated for that purpose. Fund balance is assigned by the Board of Supervisors by resolution and may be changed after the close of the reporting period.

*Unassigned Fund Balance* – the residual classification for the County’s General fund that includes all amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

**Fund Balance Flow Assumption**

When a governmental funds outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance), a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted fund balance is available, it is considered that restricted fund balance is depleted before using any of the components of unrestricted fund

balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**Prior Period Adjustments**

Adjustments resulting from implementation of new standards or errors are treated as prior period adjustments. Accordingly, the County reports these changes as restatements of beginning fund balance / net position. Restatements as of the beginning of the fiscal year were made to restate the reporting of prior year revenues and expenses / expenditures.

The impact of the restatements on the fund balances / net position as previously reported is presented below:

**NOTE 12 EMPLOYEES' RETIREMENT PLAN**

**A. Pensions**

In government-wide financial statements, retirement plans are required to be recognized and disclosed using the accrual basis of accounting, regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the County recognizes a net pension liability, which represents the County's proportionate share of the excess of the total pension liability over the fiduciary net position of the pension reflected in the actuarial report provided by the California Public Employees' Retirement System (CalPERS). The net pension liability is measured as of the County's prior fiscal year-end. Changes in the net pension liability are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized over the weighted average remaining service life of all participants in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

For purposes of measuring the net pension liability and deferred outflows/inflows of resources relating to pensions and pension expense, information about the fiduciary net position of the County's pension plan with CalPERS and additions to/deductions from

the plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Projected earnings on pension investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred. Each subsequent year will incorporate an additional closed basis five-year period recognition.

**B. General Information about the Pension Plans**

Plan Description

All qualified permanent and probationary employees are eligible to participate in the County's Safety (sheriff and certain district attorney members) or Miscellaneous (all others) Plans. The County's Safety Plan is a cost-sharing multiple-employer defined benefit plan while the Miscellaneous Plan is an agent multiple-employer defined benefit pension plan. The County's Safety and Miscellaneous Plans are part of the California Public Employees Retirement System (CalPERS), a public employee retirement system which acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and other requirements are established by State statute and County resolution. The County's defined benefit pension plans provide retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. The County selects optional benefit provisions by contract with CalPERS and adopts those benefits through County ordinance. CalPERS issues a separate comprehensive annual financial report; however, a separate report for the County's Safety and Miscellaneous Plans are not available. Copies of CalPERS annual financial reports which include required supplementary information (RSI) for each plan may be obtained from CalPERS Executive Offices, Lincoln Plaza North, 400 Q Street, Sacramento, CA 95811.

Benefits Provided

All pension plans provide benefits, upon retirement, disability or death of members. Retirement benefits are based on years of service, final average compensation, and retirement age. Employees terminating before accruing five years of retirement service credit forfeit the right to receive retirement benefits unless they establish reciprocity with another public agency within a prescribed time period. Non-vested employees who terminate service are entitled to withdraw their accumulated contributions plus accrued interest. Employees who terminate service after earning five years of retirement service credit may leave their contributions on deposit and elect to take a deferred retirement. Differences between expected and actual experience for vested and non-vested benefits may result in an increase or decrease to pension expense and net pension liability.

Service related disability benefits are provided to safety members and are based on final compensation. Non-service related disability benefits are provided to both safety and miscellaneous members. The benefit is based on final compensation, multiplied by *service*, which is determined as follows:

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

- *service* is CalPERS credited service, for members with fewer than 10 years of service or greater than 18.518 years of service; or
- *service* is CalPERS credited service plus the additional number of years that the member would have worked until age 60, for members with at least 10 years but not more than 18.518 years of service.

Death benefits are based upon a variety of factors including whether the participant was retired or not.

Annual cost-of-living adjustments (COLAs) after retirement are provided in all plans. COLAs are granted to retired members each May based upon the Bureau of Labor Statistics Average Consumer Price Index for All Urban Consumers for the previous calendar year and is subject to a maximum of 2% per annum.

	Miscellaneous
Inactive Employees or Beneficiaries Currently Receiving Benefits	462
Inactive Employees Entitled to but not yet Receiving Benefits	346
Active Employees	734
Total	1,542

The corresponding data is not available for employees included in the Safety Plan as the plan is a cost-sharing multiple employer plan.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**C. Net Pension Liability**

The County's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2017, using an annual actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

Actuarial Assumptions

The total pension liabilities in the June 30, 2017 actuarial valuations were determined using the following actuarial assumptions:

	<u>Miscellaneous</u>	<u>Safety</u>
Valuation Date	June 30, 2016	June 30, 2016
Measurement Date	June 30, 2017	June 30, 2017
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	7.15%	7.15%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase	(1)	(1)
Investment Rate of Return (2)	7.00%	7.00%
Mortality (3)		

- (1) Depending on age, service, and type of employment
- (2) Net of pension plan investment expenses, including inflation
- (3) The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2015 valuation were based on the results of a 2010 actuarial experience study for the period 1997 to 2007.

Discount Rate

The discount rate used to measure the total pension liability was 7.15% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2017-2018 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until there is a change in methodology.

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

The long-term expected rate of return includes both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent. The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

**E. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

**Miscellaneous Plan**

For the year ended June 30, 2018, the County recognized pension expense of \$13,848,983.

Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension Contributions Subsequent to Measurement Date	\$ 14,974,656	\$ -
Change in Assumptions	13,026,265	-

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

\$14,974,656 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2019	\$ 8,694,070
2020	7,094,783
2021	1,608,877
2022	(2,121,129)

**Safety Plan**

For the year ended June 30, 2018, the County recognized pension expense of \$10,550,602.

Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**NOTE 13 OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

**A. Plan Description**

The County of Nevada provides, under a defined benefit plan, retiree healthcare benefits to qualifying employees retiring directly from the County. The benefit level is determined by date of hire and length of service. The County has contracted for medical coverage to be provided through an agent multiple-employer CalPERS Healthcare (PEMHCA) plan.

The County has established an irrevocable trust with CalPERS – California Employers’ Retiree Benefit Trust Fund (CERBT) to deposit the contributions above the current year pay-as-you-go portion. CERBT issues a publicly available financial report including GASB 43 disclosure information in the aggregate with the other CERBT participating employers. That report may be obtained by contacting CalPERS, P.O. Box 942703, Sacramento, CA 94229-2703 or [www.calpers.ca.gov](http://www.calpers.ca.gov).

The County pays the least expensive available plan single premium up to Medicare eligible age for retirees with more than 20 years of County Service. Employees hired before July 1, 2000, with less than 20 years of County service at retirement, receive a fixed stipend amount. After reaching Medicare eligible age, the County also pays 80% of the least expensive Medicare supplemental plan single premium for all retirees hired before July 1, 2000 and for employees hired after July 1, 2000 with 20 years of County service. For safety employees with disability retirement, the County pays 100% of the least expensive medical single premium for life.

Employees Hired On or After July 1, 2008—Employees hired on or after July 1, 2008, and who retire from the County, the County will continue to provide access to medical insurance coverage for those employees who retire from employment with the County and who constitute “annuitants” as defined by the Public Employees Medical and Hospital Care Act (PEMHCA) only.

**B. Employees Covered by Benefit Terms**

At June 30, 2017, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	584
Inactive Employees Entitled to but not yet Receiving Benefits	346
Active Employees	733
Total	1,663

**C. Contributions**

The contribution rate is determined on an annual basis by an independent actuary and is authorized by the County Board of Supervisors. For the year ended June 30, 2018, the County's average contribution rate was 6.6 percent of covered-employee payroll. Employees are not required to contribute to the plan.

**D. Actuarial Assumptions**

The County's net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Valuation Date	June 30, 2017
Contribution Policy	County contributes full ADC
Discount Rate	6.75% at June 30, 2017 6.75% at June 30, 2016

**COUNTY OF NEVADA  
NOTES TO BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2018**

**E. Target Asset Allocation**

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	57.0 %	4.82 %
Fixed Income	27.0	1.47
TIPS	5.0	1.29
Commodities	3.0	0.84
REITs	8.0	(0.40)

2021	(152,000)
2022	(154,000)

**NOTE 14 RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has Risk Management Funds (Internal Service Funds) to account for and finance self-insured risks of loss for public liability, unemployment, dental, and vision. The County is a member of the California State Association of Counties Excess Insurance Authority, a public entity risk pool currently operating as a common risk management and insurance program for Counties. Should actual loss among participants be greater than anticipated, the County will be assessed its pro rata share of the deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its pro rata share of the excess.

The Authority is solvent. Under this program, the Risk Management Funds provide coverage for up to a maximum of \$100,000 for each general liability claim, and \$10,000 for each unemployment claim.

Should actual loss among participants be greater than anticipated, the County will be assessed its prorata share of the deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its prorata share of the excess. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Actual claims unpaid as of June 30, 2018, including any estimates for incurred but not reported (IBNR) amounts, constitute claims payable. The claims liability at June 30, 2018, was as follows:

Unemployment	\$ 467,526
Public Liability	630,000
Total	\$ 1,097,526

All funds of the County participate in the program and make payments to the Risk Management Funds based on estimates of the amounts needed to pay prior and current year claims. At June 30, 2018, the Risk Management Fund's fund equity was \$1,073,342. The claims liability of \$1,097,526 reported in the funds at June 30, 2018, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the

financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably determined.

Changes in the County's claims liability amount for the fiscal years 2016, 2017, and 2018 were as follows:

<u>Year Ended</u>	<u>Beginning of Year</u>	<u>Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year</u>
2016	\$ 1,340,050	\$ 1,090,834	\$ 1,167,829	\$ 1,263,055
2017	1,263,055	978,314	1,085,967	1,155,402
2018	1,155,402	962,996	1,020,872	1,097,526

The ultimate settlement of specific claims against the County cannot presently be determined and no provision for any other liability that may result has been made in the financial statements. Non-incremental claims adjustment expenses are included as part of liability for claims and judgments.

**NOTE 15 OTHER INFORMATION**

**Commitments and Contingencies**

The County had active construction projects as of June 30, 2018, including County facility, road, bridge, airport, and wastewater improvements. At year end the County's commitments with contractors were as follows:

	<u>Spent-to-Date</u>	<u>Remaining Commitments</u>
County facility improvements	\$ 11,051,428	\$ 4,697,937

**NOTE 16 TAX ABATEMENTS**

The County provides property tax abatements through the Agricultural Preserve Program. The program enrolls land in Williamson Act contracts whereby the land is restricted to agricultural, recreational, open space, or compatible uses in exchange for reduced property tax assessments. Participation in the program is voluntary. The County of Nevada Rules & Regulations for the Williamson Act is the set of rules by which the County administers its Agricultural Preserve Program. The Agricultural Advisory Committee takes part in administering the County's Agricultural Preserve Program.

Under the provisions of these contracts, land parcels are assessed for property tax purposes at a rate consistent with their actual use, rather than potential market value of the property. The minimum contract term is ten years and automatically renews until a notice of nonrenewal is initiated. Under the nonrenewal process, the annual tax assessment increases over a defined period of time until the assessment reflects the market value of the property. Under the cancellation process, a significant onetime cancellation fee is assessed based upon a certain percentage of the unrestricted, current full cash value of the property. The County currently has 90 parcels enrolled in Williamson Act contracts

For the fiscal year ended June 30, 2018, the Agricultural Preserve Program tax abatements reduced the County of Nevada's share of tax revenues by \$22,615.

**NOTE 17 SUBSEQUENT EVENTS**

Management has evaluated events subsequent to June 30, 2018 through December 27, 2018, the date on which the financial statements were available for issuance. Management has determined that there were no subsequent events other than the following:

In 2011, the County refinanced the Certificates of Participation (COP), which required debt service payments over approximately eight years, with the first payment occurring in 2012, and the last payment due October 1, 2019. On September 11, 2018, the Board authorized the defeasance of these instruments. With the Defeasance and the Escrow Agreement dated October 1, 2018, the County will terminate the Reserve Fund and use the proceeds to pay all the remaining lease payments.

REQUIRED SUPPLEMENTARY INFORMATION  
YEAR ENDED JUNE 30, 2018**

**3. INFRASTRUCTURE ASSETS REPORTED USING THE MODIFIED APPROACH**

The County's infrastructure assets are recorded at historical cost in the government-wide financial statements as required by the Governmental Accounting Standards Board (GASB) Statement No. 34. The County has elected to use the modified approach to report its maintained road system. Infrastructure assets reported under the modified approach are not subject to depreciation per GASB Statement No. 34.

The County manages its maintained road system using the Metropolitan Transportation Commission's Pavement Management program (Program) and accounts for them using the modified approach. The Program establishes a Pavement Condition Index (PCI) on a scale from zero to one hundred (0-100) for each road segment being maintained by the Department of Public Works. The Program has defined the pavement of roads with PCIs of 40 or better to be in a "Fair" or better condition and roads with a PCI of 55 or better to be in a "Good" or better condition. The system-wide average PCI number for all paved or chip sealed roads in the County maintained road system is calculated on a weighted by section, road area basis. The amount that an individual road section's condition contributes to the overall system average rating is proportionate to the amount of the total systems surfaced area that the individual segment contains. It is the County's policy relative to maintaining the maintained road system to keep an average PCI rating of 62. This rating must be achieved over a three year period.

One third of the County maintained roads are assessed each year, with a complete condition assessment calculated every three years. The last complete condition assessment was completed in fiscal year 2018 with an average PCI rating of 63.3. The overall condition of the County maintained roads decreased from the fiscal year 2015 average PCI rating of 63.7. The history of the condition assessments is provided below.

	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>	<u>Average</u>
2018	64	64	62	63.3
2015	66	62	63	63.7
2012	64	66	66	65.3
2009	65	66	64	65.0
2006	68	67	65	66.7

For the year ended June 30, 2018, actual maintenance and preservation costs were \$8,039,682, which was \$166,578 or 2% less than estimated. The decrease was due to lower than expected maintenance costs. A five year history of planned to actual maintenance and preservation costs is provided in the following table.

<u>Fiscal Year</u>	<u>Maintenance &amp; Preservation Cost</u>

REQUIRED SUPPLEMENTARY INFORMATION  
NOTE TO BUDGETARY COMPARISON SCHEDULES  
YEAR ENDED JUNE 30, 2018**

**BUDGETARY BASIS OF ACCOUNTING**

Formal budgetary integration is employed as a management control device during the year. The County presents a comparison of annual budgets to actual results for the County's General, Special Revenue and Debt Service funds. The amounts reported on the budgetary basis are generally on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Ordinance. This ordinance mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

The following procedures are performed by the County in establishing the budgetary data reflected in the financial statements:

- (1) The County Executive Officer submits to the Board of Supervisors a recommended draft budget for the fiscal year commencing the following July 1. The budget includes recommended expenditures and the means of financing them.
- (2) The Board of Supervisors reviews the recommended budget at regularly scheduled meetings, which are open to the public. The Board also conducts a public hearing on the recommended budget to obtain comments from interested persons.
- (3) Prior to July 1, the budget is adopted through the passage of a resolution.
- (4) From the effective date of the budget, which is adopted and controlled at the service budget unit, the amounts stated therein as recommended expenditures, become appropriations to the various County service budget units. The Board of Supervisors may amend the budget by motion during the fiscal year. The County Executive Officer may authorize transfers from one object or purpose to another within the same service budget unit.

The County uses an encumbrance system as an extension of normal budgetary accounting for the general and other governmental funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year end are recorded as restricted, committed or assigned fund balance since they do not constitute expenditures or liabilities. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward in the ensuing year's budget.

**COUNTY OF NEVADA  
NARRATIVE SUMMARY  
NONMAJOR ENTERPRISE FUNDS  
YEAR ENDED JUNE 30, 2018**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed primarily through user charges; or where the County has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Nonmajor enterprise funds of the County are listed below:

**EASTERN NEVADA COUNTY SOLID WASTE**

Fund accounts for the solid waste support services in Eastern Nevada County. Includes administration of refuse collection franchise in Eastern Nevada County. Fees collected from property owners in unincorporated Eastern Nevada County and used for residential refuse collection, recycling, and disposal activities. Also used to administer the Hirschdale Landfill closure and provide post-closure monitoring services.

**COUNTY OF NEVADA  
NARRATIVE SUMMARY  
INTERNAL SERVICE FUNDS  
YEAR ENDED JUNE 30, 2018**

Internal service funds are used to account for the financing of good or services provided by one department or agency to other departments on a cost-reimbursement basis. Internal Service Funds used at the County are listed below:

**FLEET MANAGEMENT**

The fund accounts for the management of a program to ensure that both current and future vehicle needs are met for all County departments.

**VISION INSURANCE**

The fund accounts for the vision insurance component of the self-insurance services provided to County employees.

**UNEMPLOYMENT INSURANCE**

The fund accounts for the management of unemployment insurance for the County's self-funded plan.

**LIABILITY INSURANCE**

The fund accounts for the services related to the protection of the County from general liability exposures. It provides claims management services, and pays the premium costs for general liability insurance.

**CENTRAL SERVICES**

The fund accounts for printing, copier, mail, pool car scheduling, answering the County information line, and scanning services provided to County departments and outside agencies.

**DENTAL INSURANCE**

The fund accounts for the dental insurance component of the self-insurance services provided to County employees.

**ENERGY SERVICES**

The fund consolidates all electric services with the County's solar energy fields and applies net costs to County departments.

## **FIDUCIARY FUNDS**

THIS PAGE INTENTIONALLY LEFT BLANK

**COUNTY OF NEVADA  
NARRATIVE SUMMARY  
FIDUCIARY FUNDS  
YEAR ENDED JUNE 30, 2018**

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs. Fiduciary funds include investment trust funds and agency funds.

**INVESTMENT TRUST FUNDS**

The assets of these funds are held in trust for other agencies and are part of the County's external pool. The external investment pool is made up of five separate funds; Independent Districts, School Districts, School Districts Debt Service, Courts and Jury/Witness and Local Transportation Authority. The County is obligated to disburse monies from these funds on demand.

**AGENCY FUNDS**

To account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the County, acting in the capacity of an agent for distribution to other governmental units or other organizations. The agency funds maintained by the County include two separate components.

Accrued Trust Funds - Accounts for property tax receipts awaiting apportionment to other local governmental agencies and investment earnings awaiting apportionment to other local government agencies.

County Departmental Agency Funds - Accounts for all assets under the control of County departments which are held in a fiduciary capacity.

<sup>1</sup> Net expense is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and general revenues. Numbers in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program.

<sup>2</sup> The County reclassified franchise taxes to charges for services in 2016/2017.

**Note:** Accrual-basis financial information for the county government as a whole is available back to 2002/03 only, the year GASB Statement 34 was implemented

**Notes:** In FY 2010-11 the County implemented GASB 54 under which governmental fund balances are reported as nonspendable, restricted, committed, assigned, and unassigned.

The implementation of GASB Statement 34 in fiscal year 2003 resulted in the reclassification of funds from fiduciary to governmental in accordance with the expanded definition of governmental fund types. These and other changes necessitated by the implementation of GASB Statement 34 make the information prior to and after the implementation incomparable.

**Notes:**

Article XIII A, added to California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased to reflect:

- a) annual inflation up to 2 percent; or
- b) fair market value at the time of ownership change; or
- c) fair value for new construction

Estimated actual value of taxable property cannot easily be determined as the property in the County is not reassessed

**Notes:**

- (1) On June 6, 1978, California voters approved a constitutional amendment to Article XIII A of the California Constitution, commonly known as Proposition 13, that limits the taxing power of California public agencies. Legislation to implement Article XIII A (Statutes of 1978, Chapter 292, as amended) provides that notwithstanding any other law, local agencies may not levy property taxes except to pay debt service on indebtedness approved by voters prior to July 1, 1978 or any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the voting public.
- (2) Proposition 13 allows each county to levy a maximum of \$1 per \$100 of full cash value. Full cash value is equivalent to assessed value pursuant to Statutes of 1978, Senate Bill 1656.

**Notes:**

<sup>1</sup> The levy and collection amounts include special assessments, penalties, cost, and any applicable interest. They do not include Supplemental taxes. Also, the levy is based on the equalized roll and all escaped assessments and assessor's roll corrections processed within the fiscal year.

<sup>2</sup> This reflects the current levies unpaid at year-end. Currently, the County's property tax system does not have the ability to track delinquent collections by the respective year of levy.
