REQUEST FOR A PRE-APPLICATION REVIEW

A pre-application review is a procedure by which a potential development or land use application can be reviewed, prior to your filing a formal application. The information you submit will be distributed to affected agencies for comment, i.e., the County Departments of Planning, Transportation, Environmental Health, and the County Fire Marshal, per your request. Filing fees must be paid for each department that you request your proposal be routed to for review and comment. Fees for a preliminary review by County departments are established by Resolution of the Board of Supervisors. A minimum deposit is required at the time you submit this application, and any time exceeding the deposit, including any requested meetings, will be billed on an hourly basis. Within 2-3 days of your application submittal, your application will be assigned to a Planner and your documents will be distributed to any requested agencies for comment. Approximately 45-days is required for a pre-application review, dependant on current workload. If State agency comments are deemed important, additional commenting time may be necessary. At the end of that review period, the Planning Department will provide a follow-up letter, outlining all agency comments. If you desire the Planning Department will facilitate a pre-application Development Review Committee meeting with the applicable County agencies to discuss our comments and allow you to ask clarifying questions to ensure you are successful in meeting the goals of your development project.

Applications must include the following:

- The attached Land Use Application form, signed and completed.
- The attached Agreement to Pay Form, signed and completed.
- The required County filing fees, based on most current fee schedule.
- A project description, submitted on a separate page, typed. The project description should be as specific as possible, defining your proposal and the type of information requested.
- Detailed site plans or maps showing the proposed development of the property (if applicable), including building location and use, parking layout, access, watercourses within 100' of the subject property, and easements or other known restrictions that may apply to the property. Submit two copies of the proposed site plan for the Planning Department file, plus one copy for each agency you want to comment.
- Thumb Drive with all application materials. Thumb Drive will be retained by the Planning Department.
