Dear Jessica,

I received your packet regarding the Rincon Del Rio Early Consultation/Project Description packet and have a comment to share.

The Rincon Del Rio Senior Living Retirement Community will be located near State Highway 49 and Rincon Road in the southern portion of Nevada County. Since this project includes 'active living' residences, there will be folks who wish to use our western Nevada County public transit system, Gold Country Stage (GCS), for access to community services throughout the area.

Gold Country Stage Route 5 serves the Hwy 49 corridor from Grass Valley to Auburn with scheduled stops in the Lake of the Pines area. In the project information, it is indicated that transportation will be provided at Rincon Del Rio through two vans. I suggest that these vans be available for 'shuttle' transportation to Rincon and Hwy 49 for scheduled northbound GCS service and at Gauthier and Hwy. 49 for southbound service. Additionally, I suggest bus shelters and bus pull-in space be included as part of this project to facilitate transit service.

Please contact me if you have any questions.

Thank you.

Sincerely,

Susan Healy-Harman  
Transit Services Manager  
County of Nevada
