Good Afternoon Jessica:

Thank you for the opportunity to review and comment on the project changes made to the Rincon Del Rio Retirement Community project (Co. File # FM09-001) located on Rincon Way just east of State Route 49 in Auburn.

This project was initially received by our office on April 27, 2009. A written comment letter dated May 15, 2009 was submitted to you for review and consideration. While the redistribution was prompted by several changes to the project, these changes do not effect our original comments and therefore we request you still give consideration to the comments we previously provided. Attached below for your reference is the original comment letter.

At this time, we have no additional comments to provide with regard to this project. However, we respectfully request you provide our office with copies of any further actions regarding this project.

If you should have any questions or require additional information, please do not hesitate to contact me.

Thank you,

SHANNON CULBERTSON
