---

We have been out of town since last Tuesday to find this morning that again this project is threatening our neighborhood. For the record, my husband and I, as well as all our neighbors are greatly opposed to this project . It will bring racing teenagers and slow seniors into conflict twice a day on our extremely narrow and unmarked roads, ruining our walking clubs safety, the horseriders' safety, our childrens' safety: the tranquility of country living will be ruined which most of us were willing to pay more for our properties. The senior living at Rincon del Rio will not be close to doctors or hospitals, the noise of ambulances coming and going will be blaring in the middle of the night, during our meals and quiet times. Also, without a signal light on Hwy 49 to cross traffic into Rincon, almost all seniors will use Rodeo Flat Rd and Timber Ridge to return home every trip from the shopping center. The schools-all of them will travel our roads to avoid the backup on Combie from Hwy 49. Respectuflyly, please consider how you would want your representatives to protect this from moving into **your** neighborhood and ask yourselves "Is this right to do to the existing community?"

Sincerely,

Char and Mike Moule
