Re: Rincon Del Rio Project and Jessica Hankins

I live at the end of Rodeo Flat, the last house on this road. I strongly object to the Rincon Del Rio Project. Any so called "fire road" would open up unmonitored traffic directly in front of our property. It would be so dangerous for the divers as well as for the many people who use this narrow county road for walking and accessing their property. It would create an uncontrolled short cut from Hwy 49, to the many schools and business that are often congested, bypassing Combie road. Those of us who live here choose our property for the quiet, tranquil setting that currently exists. Everything about this project threatens the elements I cherish most about this area. Please listen to the people who live here. We want this area to remain as it is designated, small acreage of family homes, not a huge intrusive project, which Rincon Del Rio will certainly be. Thank you for your consideration, Cathy Dye
