---

I live at the top end of Timber Ridge Drive intersecting Rodeo Flat Road in the Lake of the Pines Ranchos. Timber Ridge Drive is a windy road 9/10th of a mile from Combie Road to Rodeo Flat Road reaching an elevation of approximately 300ft. In winter we get some snowfalls and freezing rains making our roads very treacherous.

There are no walking paths at the side of the roads for pleasure walking, walking our dogs, bike riding or a place for children to play. All have to be done on our narrow roads. Equestrian trails criss-cross our roads throughout the Ranchos. Timber Ridge Drive is a training road for our Higgins Fire Station and CDF firefighters.

Thank you very much for taking the time to read my message.
