

FIND YOUR FIVE & SHARE YOUR PLAN

Increase your preparedness by sharing your plan with five trusted Emergency Allies and do the same for others. The more connected we are, the more likely we are to get accurate information in a timely manner and survive an emergency. You and your family may not be together during a fire, so consider communication strategies for your loved ones who spend time with others.

Check in often with your five Emergency Allies, especially on Red Flag Warning days and hold each other accountable for maintaining well-stocked Go Bags. Remember, everyone communicates in different ways. Find what works for your group and agree to be there for each other in the event of an emergency.

IMPORTANT PHONE NUMBERS

Ask an out-of-state friend or relative to be your family's emergency contact. During a disaster, it is often easier to call long distance than make a local call. Plan for all members of your family to call this person with their location.
