Effective July 1, 2003, the California Health and Safety Code, Section 103526, will permit only authorized individuals to receive authorized certified copies of birth or death records. An Authorized Certified Copy of a birth certificate is required to obtain a driver's license, passport, social security card and other services related to an individual's identity. Those who are not authorized by law to receive an authorized certified copy will receive a certified copy marked "**INFORMATIONAL, NOT A VALID DOCUMENT TO ESTABLISH IDENTITY**".

In order to obtain an Authorized Certified Copy on or after July 1, 2003 you **MUST** complete the sworn statement on the front of this application for a record and sign the statement under penalty of perjury. If you mail your request, your sworn statement must be notarized.

If your mailed request indicates that you want an Authorized Certified Copy but does not include a signed statement sworn under penalty of perjury and an original Certificate of Acknowledgment, the request will be rejected as incomplete and returned to you without being processed.

The Certificate of Acknowledgment is required only for mail requests for copies and only for an Authorized Certified Copy- See above information. If you only require an Informational Copy, you do not need a completed Certificate of Acknowledgment

If you are requesting multiple records, you must complete an application for each record, however only one Certificate of Acknowledgment is needed for all applications submitted concurrently.
