- Loss of Internet Connectivity—you will have access to a Master Street Index on an emergency back up laptop. Use this to look up the voter’s CP.
- Power outage—as long as you can access the Internet, you can still check in voters as normally. Simply issue pre-printed ballots.

If you lose power or Internet, call us immediately. Vote centers will have back-up power generation.

- You are free to call the Elections Office for support if needed

- Refer to your Vote Center Manual for specific instructions on issuing the Vote-by-Mail ballot, under "Voter Wants to Take the Ballot Home"

50

Providing Assistance

51

Election Conduct

Pop Quiz!

What does it mean to “assist” a voter?

You assist a voter anytime you handle their ballot, whether it be marking the ballot or casting it for them

If you are asked to look at the voter’s marked ballot, you provide assistance

Only provide assistance when you’re asked—never volunteer to touch or look at someone’s marked ballot

By law, you **must** indicate you provided assistance in the Master Label and Public Label Rosters

52

Election Conduct

One of the ways you assist a voter is to provide curbside assistance

- Sometimes it's difficult for a voter to physically enter the Vote Center due to a physical disability or illness. We offer curbside voting to accommodate voters who feel more comfortable voting from their cars.
- Caretakers and others who are in the car with the voter requesting assistance may also vote curbside, regardless of the individual's condition.
- Any voter may ask to vote curbside. Make sure you wear PPE.
- Two Vote Center staff must assist voters requesting curbside assistance, regardless of how busy the Vote Center is.
- You must properly record which voters received assistance.
