

1. **ANNUAL EXTRALEGAL TRANSPORTATION PERMITS ARE NOT VALID FOR MULTIPLE OR REACCURING TRIPS TO SAME LOCATION**
2. **Responsibility of Permittee**

The permittee shall be knowledgeable and in compliance with all applicable California conditions, requirements, and laws for the use of the highway system and in particular movement of extralegal vehicles and/or loads.
3. **Possession of Permit**

This permit shall be carried in the vehicle to which it refers at all times while the vehicle is within the highway/road limits. (California Vehicle Code (CVC), Section 35783)
4. **Void Permits**

This permit is null and void and hereby declared non-existent if:

  - a) **ANY PORTION, PART OR SECTION IS ILLEGIBLE.**
  - b) If used before or after the times and dates indicated.
  - c) If any portion, part, or section has been altered or if any attempt to alter is apparent.
  - d) If used to represent proper authority for carrying a load and/or moving a vehicle which is not specifically described on the face of the permit.
  - e) If used to represent proper authority for carrying a load and/or moving a vehicle by any company, not specifically named on the permit.
  - f) If presented without the attachments specifically named on the face of the permit firmly affixed.
5. **Permittee Agreement**

Acceptance of this permit constitutes an agreement by the permittee to observe and comply with all of the general and specific conditions on the face of the permit and attachments hereto.
6. **Verification**

The use of this permit is prima facie evidence that the driver has checked the load and/or vehicle and knows it to be within the limits as set forth hereon and has verified the routing accuracy. The vehicle and/or load authorized under this permit is subject to inspection by representative of the Department of Transportation and Sanitation.
7. **Overhead Clearance**

When height of load exceeds legal limit, it becomes the responsibility of the permittee to check all underpasses, overcrossings, bridges, overhead wires, or other structures for impaired vertical clearance and to arrange clearance or request alternative routing before commencing travel.
8. **Liabilities**

The permittee is responsible for al liability for injury to, or death of person, or damage to property which may occur through an act or omission of either the permittee, the State of California or the County of Nevada arising from the issuance of this permit. In the event any claim, suit, or action is brought against the State of California or the County of Nevada, its officers, employees, or agents thereof, by reason of, or in connection with any such act or

omission, permittee shall defend, indemnify, and hold harmless the State, The County, its officers, employees or agents from such claim suit or action

**9. Repair of Damage**

In accepting this permit, the permittee agrees to repair at his own expense and to the satisfaction of the District Director of Department of Transportation and Sanitation, any damage to highway or road appurtenances or structures resulting from travel under this permit. Notwithstanding, work or repair may be done by the Department of Transportation and Sanitation forces at the option of the District Director of Department of Transportation and Sanitation, the cost to be borne by the permittee. In the event of damage to State of County highway/road facilities such as bridges, traffic signals, light standards and other appurtenances, a written report must be filed with the Department of Transportation and Sanitation within 72 hours after such damage has been done. Failure to make this report will be considered cause for cancellation of all permit privileges pending a satisfactory arrangement with the Department of Transportation and Sanitation for repair or replacement of the damage facility.

**10. Accident Reporting**

Accidents occurring while operating under permit and requiring a report to the Department of Motor Vehicles under CVC Section 16000 shall also be reported to the Department of Transportation and Sanitation . A copy of the permit and accident report shall be mailed to the California Department of Transportation, 1120 N Street, Permits, Sacramento, CA 94274-0001 and to the Nevada County Department of Transportation and Sanitation, 950 Maidu Avenue, Nevada City, CA 95959-8600 within 30 days of the date of the accident. Failure to mail these copies will be considered cause for cancellation of all permit privileges.

**11. Reducible Loads**

- This permit is issued for the movement of an “Extralegal Load” as defined in CVC 320.5 when loaded at its least dimensions.
- This permit is automatically canceled if the permitted dimensions and weight can be reduced to legal limits by repositioning and/or practical removal of a part, portion, or unit therefrom.
- This permit does not authorize extralegal weigh if the load can be repositioned to stay within legal axle or axle group weights authorized in CVC 35551 or 35551.5. If the load cannot be repositioned, the weights shown on the permit are authorized.
- Other items may be hauled in addition to the permitted item provided they do not exceed the dimensions of the vehicle or permitted item (whichever is greater) and the loaded vehicle is of legal axle group weights.
- Overheight permits shall not be issued for items transported on a conventional flat deck trailer unless the deck is needed to support a long fragile load or a long load that would cause unbalanced axle group weights.

**12. Moving in Inclement Weather**

Movement shall not occur in snow, fog, rain, or wind when visibility is restricted to less than 1,000 feet (304.8 meters). Movement is prohibited when road surfaces are hazardous due to rain, ice snow or front, or when use of tire chains is mandatory. In addition, manufactured housing

shall not move when the velocity of the wind is such that it causes the vehicle being towed to whip or swerve from side-to-side or fail to follow substantially in the path of the towing vehicle. Any accident caused by excessive wind or weather conditions shall be considered a prima facie violation of this condition

**13. Lane Use**

When practical, the vehicle shall be kept in the far-right lane of the highway/road and shall not encroach on highway/road shoulders except where necessary to allow trailing traffic to pass.

**14. Scales and Inspection Facilities**

Every driver of an extralegal vehicle or permitted load when operating on a State highway or County Road shall be subject to CVC 2813 and shall stop at all operational scales and inspection facilities.

**15. Moving in Convoy**

Movement in convoy shall not be permitted unless specified on the face of this document.

**16. Towing Disabled Permit Vehicle**

Disabled extralegal vehicles or extralegal combinations of vehicles, whose movement is authorized by a transportation permit, or any disabled legal vehicle or legal combination of vehicles, which because of damage has incurred distortion in width or height thereby causing an excess in legal dimensions may only be moved at the direction of a peace officer. Disabled overweight permit vehicles/loads shall only be authorized movement by a peace officer to a point where the highway has been safely cleared. Movement of the permit vehicle/load beyond this point shall be completed under the authority of a City, County, or State transportation permit, whichever is applicable. Single trip permits for towing permit vehicles shall require reduction of the disabled combinations to the least dimension possible.

**17. Tires**

Tires on permitted vehicles shall comply with the California Code of Regulations, Title 13, commencing with Section 1085 of Article 14. Permitted axle or axle group weights shall not exceed the rated capacity marked on the tire sidewall.

**18. Curfew Maps**

Permit movement of loads and/or vehicles over 10-feet in width are not authorized Monday through Friday on State highway in the shaded area on the Curfew Maps during the hours indicated.

**19. Warning Signs and Flags**

All loads/vehicles over 8-feet 6 inches in width, 80-feet in length, or more than 10-feet of overhang shall display warning signs. Signs shall be posted on the front and rear of the vehicles or on the front of the lead vehicle and the rear of the back trailer with multi-vehicle combinations. Signs shall have black letters on a yellow background and comply with Section 502.9 of the Department "Transportation Permit Manual." Flags shall comply with Section 25104 of the CVC.

**20. Movement During Darkness**

“Darkness” is defined in Section 280 of the CVC as being “ any time from one-half hour after sunset to one-half hour before sunrise...” Reference to “sunset and/or sunshine” on the permit includes this one-half hour grace period before and after sunrise and sunset.

**21. Holiday and Weekend Transportation**

Transportation permits are not issued for County observed Holidays or weekend work.
