Revised! Updated!! Many new presenters and topics!!

Consent Decrees! In-custody Deaths! Lawsuits! Internal Investigations!

Correctional litigation is exploding, putting a spotlight on jails, correctional officers, trainers, less-lethal tools, policies and practices, not to mention full and complete transparency demands that are at an all-time high. Jail operations are under the microscope. This AELE seminar gives you up-to-date legal and other critical information about jail risk management and organizational issues that impact your daily work environment . . . including Consent Decrees!

The AELE staff is honored to announce **The Honorable Curtis Gomez** has joined its faculty and will be presenting at this Jail seminar on Consent Decrees issues. A retired federal judge who has managed Consent Decrees, you will not want to miss his insightful presentation. There are many NEW topics and presenters to guarantee you have the latest information on a variety of current jail topics, legal issues, evidence-based practices, and scientific findings. Select new topics and presenters are highlighted below.

The 2022 seminar uses actual video incidents as case studies to introduce and analyze most topics that will highlight important issues and how potential SOLUTIONS are applied. This is the most solutions-oriented Jail and Prisoner Operational and Legal Issues seminar available today.
