Special circumstances arise and special consideration has to be given when a cellular phone is used as an instrument of crime or when a cellular phone contains records of criminal activity. These records can be in many forms including, but not limited to; phonebook entries, call history, text messages, calendar entries, images and videos. This course will help the investigator by giving them a foundation for cellular phone forensics so that they better understand and respond to these types of criminal activity.</p> <p data-bbox="325 966 430 998">CPT: Yes</p> <p data-bbox="325 1006 829 1039">Plan: IV.
