

About this event

Mark43 is the online reporting platform for police agencies to report allegations of serious misconduct to POST pursuant to SB2. Agencies are allowed a maximum of two users per agency, unless otherwise indicated. This class is designed as hands-on training for users designated to access Mark43 and make agency reports to POST. Agency designated users will learn how to log-in to Mark43, navigate the platform, and create and submit an Agency Report.

The following is required for all who attend the class:

- Attendees must be pre-approved by the agency to attend.
- Attendees must submit a [POST Mark43 User Application form](#) before the class.
- Attendees are required to bring a Wi-fi enabled laptop computer with charging cord.
- Attendees must have the ability to access their official department email account while at the training (for 2-factor authentication).

Please contact Law Enforcement Consultant Brian South with any questions at Mark43usersupport@post.ca.gov.
