KEYNOTE SPEAKER

Captain Fleming has been deployed overseas six times with the U.S. Army's elite 75th Ranger Regiment in support of both Operation Enduring Freedom and Operation Iraqi Freedom. He has been wounded in combat on three separate occasions and has undergone 23 surgeries, one of which resulted in a trans-tibial amputation of his left leg. While most

would assume this type of injury would conclude someone's service to their country. Captain Fleming has re-deployed five times since his injuries, each time going right back into the fight. He is one of the few amputees who have been able to redeploy into combat as an amputee.

After serving with distinction and receiving numerous awards and decorations, including the Meritorious Service Medal, two Bronze Star medals with Valor, and three Purple Hearts, he retired from active duty and still serves our country in other capacities.
