The Arrest and Firearms (PC 832) course consists of two components, which total a minimum of 64 hours. The Arrest component has a 40-hour requirement, and the Firearms component has a 24-hour requirement. These components are divided into 14 individual topics, called Learning Domains. The Learning Domains contain the minimum required foundational information for given subjects. The training and testing specifications for a particular domain may also include information on required instructional activities and testing requirements. The specific learning domains are identified in the [PC 832 training specifications](#).
