INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Truckee Cemetery District
Truckee, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Truckee Cemetery District, California (District), as of and for the years ended June 30, 2018 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Trustees
Truckee Cemetery District
Truckee, California

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2018 and 2019, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

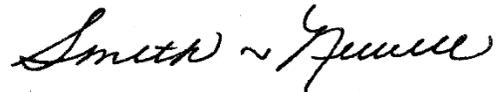

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

To the Board of Trustees
Truckee Cemetery District
Truckee, California

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 19, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

THIS PAGE INTENTIONALLY LEFT BLANK

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Truckee Cemetery District is an appointed special district of California formed under Section 8900 of the Health & Safety Code. The District operates and maintains cemetery grounds in the Town of Truckee. The financial transactions are recorded in the Nevada County accounting system and are reflected in a General fund and one permanent fund.

The District is governed by a five-member Board of Trustees. The Trustees themselves administer the operations of the District in accordance with policies adopted by the Board of Trustees and in accordance with Health & Safety Code Section 8950. These financial statements encompass all fiscal activities under control of its Board of Trustees. Control was determined on the basis of budget adoption and continuing oversight responsibilities.

Component Units

Generally accepted accounting principles require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Based on the application of the criteria set forth by the Governmental Accounting Standards Board, management has determined that there are no component units of the District.

B. Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information on all the activities of the District. These statements include the financial activities of the overall District. These statements report the governmental activities of the District, which are normally supported by taxes. The District had no business-type activities at June 30, 2018 and 2019.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods and services offered by the program, 2) operating grants and contributions, and 3) capital grants and contributions. Taxes and other items not properly included among program revenues are presented instead as general revenues.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

Fund Financial Statements

Fund financial statements of the District are organized into two funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures. The funds of the District are organized into the governmental category. The emphasis is placed on major funds, each displayed in a separate column.

The District reports the following major governmental funds:

- The General fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the District.
- The Endowment fund is a permanent fund used to account for endowment collections.

C. Basis of Accounting and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property tax, grants, entitlements, and donations. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property tax, grants, use of money and property, and charges for services are considered susceptible to accrual and are accrued when their receipt occurs within 60 days after the end of the fiscal year. Expenditures are generally recorded when a liability is incurred as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgements are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

D. Non-Current Governmental Assets/Liabilities

Non-current governmental assets and liabilities, such as capital assets and long-term liabilities, are reported in the governmental activities column in the government-wide statement of net position.

E. Investments

The District pools a portion of cash and investments with the County of Nevada. The Nevada County Treasury is an external investment pool for the District and the District is considered an involuntary participant. The District's share in this pool is displayed in the accompanying financial statements as cash and investments.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Investments (Continued)

Participant's equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Interest payments, accrued interest, accreted discounts, amortized premiums, and realized capital gains and losses, net of administrative fees, are apportioned to pool participants every quarter. This method differs from the fair value method used to value investments in the financial statements as unrealized gains or losses are not apportioned to pool participants.

F. Receivables

At June 30, 2018 and 2019, the District did not have any significant accounts receivable.

G. Inventory

Inventories are recorded as expenditures at the time the inventory is purchased rather than when consumed. Records are not maintained of inventory and supplies on hand, although these amounts are not considered material.

H. Capital Assets

Capital assets are recorded at historical cost, or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are to be recorded at their acquisition value at the date of donation.

Capital assets used in operations are depreciated or amortized using the straight-line method over the assets' estimated useful lives in the government-wide financial statements. The range of estimated useful lives by type of asset is as follows:

<u>Depreciable Asset</u>	<u>Estimated Lives</u>
Equipment	5 years
Structures and improvements	20-40 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. At June 30, 2018 and 2019, the District did not have any deferred outflows of resources.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. At June 30, 2018 and 2019, the District did not have any deferred inflows of resources.

J. Property Tax

Nevada County is responsible for the collection and allocation of property taxes. Under California law, property taxes are assessed and collected by the County of Nevada up to 1 percent of the full cash value of taxable property, plus other increases approved by the voters and distributed in accordance with statutory formulas.

The valuation/lien date for all taxes is January 1. Secured property tax is due in two installments, the first is due November 1 and delinquent with penalties after December 10; the second is due February 1 and delinquent with penalties after April 10. Unsecured property taxes are due on March 1, and become delinquent if unpaid on August 31.

The County uses the alternative method of property tax apportionment known as the “Teeter Plan”. Under this method of property tax apportionment, the County remits the entire amount levied and handles all delinquencies, retaining interest and penalties.

K. Interfund Transactions

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenditures repay the funds that initially paid for them. Such reimbursements are reflected as expenditures in the reimbursing fund and reductions to expenditures in the reimbursed fund.

All other interfund transactions are treated as transfers.

L. Compensated Absences and Other Postemployment Benefits

The District does not provide compensated absences or other postemployment benefits.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

N. Implementation of Governmental Accounting Standards Board (GASB) Statements

The following Governmental Accounting Standards Board (GASB) Statements have been implemented, if applicable, in the current financial statements.

Effective for the Year Ended June 30, 2018:

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions. This statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (OPEB). This statement also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

Statement No. 81, Irrevocable Split-Interest Agreements. This statement improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

Statement No. 85, Omnibus 2017. This statement addresses practice issues that have been identified during implementation and application of certain GASB Statements including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits.

Statement No. 86, Certain Debt Extinguishment Issues. This statement improves consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources - resources other than the proceeds of refunding debt - are placed in an irrevocable trust for the sole purpose of extinguishing debt.

Effective for the Year Ended June 30, 2019:

Statement No. 83, Certain Asset Retirement Obligations (AROs). This statement enhances the comparability of financial statements among governments, by establishing uniform criteria for governments to recognize and measure certain AROs including obligations that may not have been previously reported. This statement also enhances the decision-usefulness of the information provided to financial statement users by requiring disclosures related to those AROs.

Statement No. 88, Certain Disclosures Related to Debt, including Debt Borrowing, and Direct Placements. This statement improves financial reporting by providing users of financial statements with essential information that currently is not consistently provided. In addition, information about resources to liquidate debt and the risk associated with changes in terms associated with debt will be disclosed. As a result, users will have better information to understand the effects of debt on a government's future resource flows.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Future Accounting Pronouncements

The following GASB Statements will be implemented in future financial statements, if applicable:

Statement No. 84 “Fiduciary Activities” The requirements of this statement are effective for periods beginning after December 15, 2019. (FY 20/21)

Statement No. 87 “Leases” The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)

Statement No. 89 “Accounting for Interest Cost Incurred Before the End of a Construction Period” The requirements of this statement are effective for periods beginning after December 15, 2020. (FY 21/22)

Statement No. 90 “Majority Equity Interests” The requirements of this statement are effective for periods beginning after December 15, 2019. (FY 20/21)

Statement No. 91 “Conduit Debt Obligations” The requirements of this statement are effective for periods beginning after December 15, 2021. (FY 22/23)

Statement No. 92 “Omnibus 2020” The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)

Statement No. 93 “Replacement of Interbank Offered Rates” The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)

Statement No. 94 “Public-Private and Public-Public Partnerships and Availability Payment Arrangements” The requirements of this statement are effective for periods beginning after June 15, 2022. (FY 22/23)

Statement No. 96 “Subscription-Based Information Technology Arrangements” The requirements of this statement are effective for periods beginning after June 15, 2022. (FY 22/23)

Statement No. 97 “Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans” The requirements of this statement are effective for periods beginning after June 15, 2021. (FY 21/22)

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Restatement of Net Position

Adjustments resulting from errors or a change to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the District reports these changes as restatements of beginning net position. During the fiscal year ended June 30, 2018, a prior period adjustment was recorded to reflect an overstatement of capital assets.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

A. Restatement of Net Position (Continued)

The impact of the restatement on the net position of the government-wide financial statements as previously reported is presented below:

	Governmental Activities
Net Position, June 30, 2018, as previously reported	\$ 771,195
Adjustment associated with:	
Capital assets	(102,655)
Total Adjustments	(102,655)
Net Position, July 1, 2018, as restated	\$ 668,540

NOTE 3: CASH AND INVESTMENTS

A. Financial Statement Presentation

As of June 30, 2018, the District's cash and investments consisted of the following:

Cash:	
Cash on hand	\$ 200
Deposits (less outstanding checks)	168,757
Total Cash	168,957
Investments:	
Local Agency Investment Fund (LAIF)	6,115
Nevada County Treasurer's Pool	428,938
Total Investments	435,053
Total Cash and Investments	\$ 604,010

As of June 30, 2019, the District's cash and investments consisted of the following:

Cash:	
Cash on hand	\$ 200
Deposits (less outstanding checks)	175,348
Total Cash	175,548
Investments:	
Local Agency Investment Fund (LAIF)	6,254
Nevada County Treasurer's Pool	518,039
Total Investments	524,293
Total Cash and Investments	\$ 699,841

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

B. Cash

At June 30, 2018, the carrying amount of the District's cash deposits (including amounts in checking accounts, savings accounts, and money market accounts) was \$168,757 and the bank balance was \$158,053. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. In addition, the District had cash on hand of \$200.

At June 30, 2019, the carrying amount of the District's cash deposits (including amounts in checking accounts) was \$175,348 and the bank balance was \$175,509. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit. In addition, the District had cash on hand of \$200.

Custodial Credit Risk - Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. The District's investment policy requires that deposits in banks must meet the requirements of the California Government Code. Under this code, deposits of more than \$250,000 must be collateralized at 105 percent to 150 percent of the value of the deposit to guarantee the safety of public funds.

C. Investments

The District does not have a formal investment policy. At June 30, 2018 and 2019, all investments of the District were in the County of Nevada investment pool. Under the provisions of the County's investment policy and the California Government Code, the County may invest or deposit in the following:

- Banker's Acceptances
- Commercial Paper
- Local Agency Investment Fund (LAIF)
- Medium-Term Corporate Notes
- Money Market Funds
- Negotiable Certificates of Deposit
- Repurchase Agreements
- Reverse Repurchase Agreements
- Securities of the Federal Government and of its Agencies
- California State Registered Warrants, Treasury Notes and Bonds
- Local Agency Obligations
- Certificates of Deposit
- Pass-Through Securities

Fair Value of Investments - The District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

The District's position in external investment pools is in itself regarded as a type of investment and looking through to the underlying investments of the pool is not appropriate. Therefore, the District's investment in external investment pools are not recognized in the three-tiered fair value hierarchy described above.

At June 30, 2018, the District had the following recurring fair value measurements:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments by Fair Value Level				
None	\$ -	\$ -	\$ -	\$ -
Total Investments Measured at Fair Value	-	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments in External Investment Pool				
LAIF	6,115			
Nevada County Treasurer's Pool	<u>428,938</u>			
Total Investments	<u>\$ 435,053</u>			

At June 30, 2019, the District had the following recurring fair value measurements:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments by Fair Value Level				
None	\$ -	\$ -	\$ -	\$ -
Total Investments Measured at Fair Value	-	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Investments in External Investment Pool				
LAIF	6,254			
Nevada County Treasurer's Pool	<u>518,039</u>			
Total Investments	<u>\$ 524,293</u>			

Interest Rate Risk - Interest rate risk is the risk of loss due to the fair value of an investment falling due to interest rates rising. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. To limit exposure to fair value losses resulting from increases in interest rates, the County's investment policy limits investment maturities to a term appropriate to the need for funds so as to permit the County to meet all projected obligations.

Credit Risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment policy sets specific parameters by type of investment to be met at the time of purchase. As of June 30, 2018, and 2019, the District's investments were all held in LAIF and the County of Nevada investment pool, which are not rated by a nationally recognized statistical rating organization.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

Custodial Credit Risk - Custodial credit risk for investments is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or collateral securities that are in the possession of an outside party. With respect to investments, custodial credit risk generally applies to direct investments in markable securities. Custodial credit risk does not apply to a local government's indirect investments in securities through the use of mutual funds or government investment pools.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer of securities. When investments are concentrated in one issuer, this concentration presents a heightened risk of potential loss. State law and the investment policy of the County contain limitations on the amount that can be invested in any one issuer. All investments of the District are in the Nevada County investment pool which contains a diversification of investments.

D. Investments in External Investment Pools

The Nevada County Pooled Investment Fund is a pooled investment fund program governed by the County which monitors and reviews the management of public funds maintained in the investment pool in accordance with the County investment policy and the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the Board of Supervisors every month. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value. Investments in the Nevada County Pooled Investment Fund are regarded as highly liquid as deposits and withdrawals can be made at any time without penalty. The Pool does not impose a maximum investment limit. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Nevada's financial statements may be obtained by contacting the County of Nevada Auditor-Controller's office at 950 Maidu Avenue, Nevada City, CA 95959.

Local Agency Investment Fund – The District maintains an investment in the State of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company, but is required to invest according to California State Code. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State statute. At June 30, 2018, the District's investment in LAIF valued at amortized cost was \$6,115 and is the same as the value of the pooled shares. There were no restrictions on withdrawal of funds. The total amount invested by all public agencies in LAIF on that day was \$83.3 billion. Of that amount, 97.33 percent is invested in non-derivative financial products and 2.67 percent in structured notes and asset-backed securities. At June 30, 2019, the District's investment in LAIF valued at amortized cost was \$6,254 and is the same as the value of the pool shares. There are no restrictions on withdrawal of funds. The total amount invested by all public agencies in LAIF on that day was \$105.7 billion. Of that amount, 98.23 percent is invested in non-derivative financial products and 1.77 percent in structured notes and asset-backed securities.

Total Capital Assets, Net	<u>\$ 178,974</u>	<u>(\$ 20,721)</u>	<u>\$ -</u>	<u>\$ 158,253</u>

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 4: CAPITAL ASSETS (CONTINUED)

Depreciation

Depreciation expense was charged to governmental functions as follows:

	<u>June 30, 2018</u>	<u>June 30, 2019</u>
General government	\$ 25,125	\$ 26,226
Total Depreciation Expense	<u>\$ 25,125</u>	<u>\$ 26,226</u>

NOTE 5: NET POSITION

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- **Net investment in capital assets** - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- **Restricted net position** - consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- **Unrestricted net position** - all other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

Net Position Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position are available, it is considered that restricted resources are used first, followed by the unrestricted resources.

NOTE 6: FUND BALANCES

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2018, and 2019, fund balances for governmental funds are made up of the following:

- **Nonspendable fund balance** - amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories and prepaid amounts.
- **Restricted fund balance** - amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws and regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 6: FUND BALANCES (CONTINUED)

- **Committed fund balance** - amounts that can only be used for the specific purposes determined by formal action of the District's highest level of decision-making authority. The Board of Trustees is the highest level of decision-making authority for the District that can, by Board action, commit fund balance. Once adopted, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned fund balance** - amounts that are constrained by the District's intent to be used for specific purposes. The intent can be established at either the highest level of decision-making authority, or by a body or an official designated for that purpose.
- **Unassigned fund balance** - the residual classification for the District's General fund that includes all amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amount restricted, committed, or assigned to those purposes

The fund balances for the governmental funds as of June 30, 2018, were distributed as follows:

	<u>General</u>	<u>Endowment</u>	<u>Total</u>
Nonspendable:			
Endowment – nonspendable	\$ -	\$ 97,560	\$ 97,560
Subtotal	<u>-</u>	<u>97,560</u>	<u>97,560</u>
Restricted for:			
Endowment – spendable	-	<u>62,262</u>	<u>62,262</u>
Subtotal	<u>-</u>	<u>62,262</u>	<u>62,262</u>
Unassigned	<u>442,055</u>	<u>-</u>	<u>442,055</u>
Total	<u>\$ 442,055</u>	<u>\$ 159,822</u>	<u>\$ 601,877</u>

The fund balances for the governmental funds as of June 30, 2019, were distributed as follows:

	<u>General</u>	<u>Endowment</u>	<u>Total</u>
Nonspendable:			
Endowment – nonspendable	\$ -	\$ 103,198	\$ 103,198
Subtotal	<u>-</u>	<u>103,198</u>	<u>103,198</u>
Restricted for:			
Endowment – spendable	-	<u>60,156</u>	<u>60,156</u>
Subtotal	<u>-</u>	<u>60,156</u>	<u>60,156</u>
Unassigned	<u>519,103</u>	<u>-</u>	<u>519,103</u>
Total	<u>\$ 519,103</u>	<u>\$ 163,354</u>	<u>\$ 682,457</u>

TRUCKEE CEMETERY DISTRICT
Notes to Basic Financial Statements
For the Years Ended June 30, 2018 and 2019

NOTE 6: FUND BALANCES (CONTINUED)

Fund Balance Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance), a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted fund balance are available, it is considered that restricted fund balance is depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by unassigned fund balance.

Fund Balance Policy

The Board of Trustees has not adopted a formal fund balance or minimum fund balance policy by passage of an ordinance or resolution.

NOTE 7: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases coverage from a commercial carrier. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE 8: OTHER INFORMATION

A. Subsequent Events

Management has evaluated events subsequent to June 30, 2019 through September 19, 2022, the date on which the financial statements were available for issuance. Management has determined no subsequent events requiring disclosure have occurred.

Note to Budgetary Comparison Schedules
For the Years Ended June 30, 2018 and 2019

NOTE 1: BUDGETARY BASIS OF ACCOUNTING

Formal budgetary integration is employed as a management control device during the year. The District presents a comparison of annual budget to actual results for the General fund. The amounts reported on the budgetary basis are generally on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

The following procedures are performed by the District in establishing the budgetary data reflected in the financial statements:

- (1) The Board of Trustees reviews the recommended budget at regularly scheduled meetings, which are open to the public. The Board also conducts a public hearing on the recommended budget to obtain comments from interested persons.
- (2) Prior to January 1, the budget is adopted by motion.
- (3) From the effective date of the budget, the amounts stated therein, as recommended expenditures become appropriations to the District. The Board may amend the budget by motion during the fiscal year.

The District does not use encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation.

THIS PAGE INTENTIONALLY LEFT BLANK

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees
Truckee Cemetery District
Truckee, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Truckee Cemetery District, California (District) as of and for the years ended June 30, 2018 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 19, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and recommendations, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and recommendations to be a material weakness. (2019-001)

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and recommendations to be significant deficiencies. (2019-002 through 2019-005)

To the Board of Trustees
Truckee Cemetery District
Truckee, California

Compliance and Other Matters

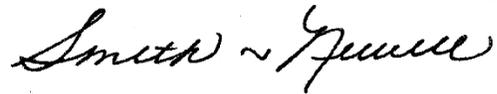

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

District's Responses to Findings

The District's responses to the findings identified in our audit are described in the accompanying management's corrective action plan. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Smith & Newell CPAs
Yuba City, California
September 19, 2022

TRUCKEE CEMETERY DISTRICT
Schedule of Findings and Recommendations
For the Years Ended June 30, 2018 and 2019

2019-001 Prior Period Adjustment (Material Weakness)

Criteria

Good internal control over financial reporting requires that all capital assets of the District be reported in the financial statements.

Condition

During our audit we noted the District made a material prior period adjustment to correct a prior year overstatement of capital assets and the related accumulated depreciation in the government-wide financial statements.

Cause

During the year, the District reviewed the prior year depreciation schedule and included capital assets that had not been capitalized in prior years. The District also recalculated accumulated depreciation to more accurately reflect the balance in accordance with the District's capitalization policy.

Effect

Beginning net position was misstated and required adjustment of \$102,655.

Questioned Cost

No questioned costs were identified as a result of our procedures.

Context

Not applicable.

Repeat Finding

This is not a repeat finding.

Recommendation

We recommend that the District review the financial records and ensure that all items are recorded correctly.

Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

TRUCKEE CEMETERY DISTRICT
Schedule of Findings and Recommendations
For the Years Ended June 30, 2018 and 2019

2019-002 Policies and Procedures (Significant Deficiency)

Criteria

Good internal control requires that procedures be documented and performed in a consistent manner in accordance with approved District policy.

Condition

We noted written policies and procedures for all current financial processes, including budgeting, setting assessment rates, processing expenditures and fund balance, have not been developed and approved by the Board of Trustees.

Cause

The District has not developed written policies and procedures for all current financial processes.

Effect

Without written procedures, tasks may not be performed in a consistent manner among employees. In addition, written procedures are helpful if someone else has to perform duties he/she normally would not perform.

Questioned Cost

No questioned costs were identified as a result of our procedures.

Context

Not applicable.

Repeat Finding

This is not a repeat finding.

Recommendation

We recommend that the District develop written policies and procedures for all current financial processes and that approval of these policies and procedures by the Board of Trustees be documented.

Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

Schedule of Findings and Recommendations
For the Years Ended June 30, 2018 and 2019

2019-003 Payroll (Significant Deficiency)

Criteria

Good internal control over payroll requires that employee files be maintained, which include such information as authorized payrates and supporting documentation for federal and state withholding (i.e., Form W-4 and Form DE-4).

Condition

Supporting documentation was not available to support the federal and state taxes that were being withheld.

Cause

The District did not maintain employee files.

Effect

Federal and state payroll taxes withheld were unable to be verified by supporting documentation.

Questioned Cost

No questioned costs were identified as a result of our procedures.

Context

Not applicable.

Repeat Finding

This is not a repeat finding.

Recommendation

We recommend that the District maintain employee files, which include authorized payrates and employee withholding documentation.

Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

2019-004 Expenditures (Significant Deficiency)

Criteria

Good internal control over accounts payable requires that the District maintain adequate documentation to support payments.

TRUCKEE CEMETERY DISTRICT
Schedule of Findings and Recommendations
For the Years Ended June 30, 2018 and 2019

2019-004 Expenditures (Significant Deficiency) (Continued)

Condition

During fieldwork, we noted that the District was missing invoices for 6 of the 25 items selected for testing in the fiscal year ended June 30, 2018.

Cause

The District did not provide adequate supporting documentation to verify all payments.

Effect

The District was missing invoices in the amount of \$547.

Questioned Cost

\$547.

Context

We randomly selected 25 expenditures to test the internal controls of expenditures. Sampling was a statistically valid sample.

Repeat Finding

This is not a repeat finding.

Recommendation

We recommend that the District maintain adequate documentation to support expenditure payments.

Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses.

2019-005 Accountability of Endowment Fund (Significant Deficiency)

Criteria

Cemetery districts that have established and collected endowment funds are to track the nonexpendable portion of the fund.

Condition

At the time of our fieldwork we noted that the fund balance of the Endowment fund had not been separated between the portion that was expendable for operations and the portion that was nonexpendable.

TRUCKEE CEMETERY DISTRICT
Schedule of Findings and Recommendations
For the Years Ended June 30, 2018 and 2019

2019-005 Accountability of Endowment Fund (Significant Deficiency) (Continued)

Cause

The District was not tracking the nonexpendable endowment revenues that had been received.

Effect

The District is not tracking the expendable portion of endowment funds.

Questioned Cost

No questioned costs were identified as a result of our procedures.

Context

Not applicable.

Repeat Finding

This is not a repeat finding.

Recommendation

We recommend that the District analyze the collections in prior years for the Endowment fund and separate the fund balance into the nonexpendable and expendable balance source.

Views of Responsible Officials and Planned Corrective Action

Refer to separate Management's Corrective Action Plan for views of responsible officials and management's responses

**TRUCKEE CEMETERY DISTRICT
Management's Corrective Action Plan
For the Years Ended June 30, 2018 and 2019**

Finding 2019-001 Prior Period Adjustment (Material Weakness)

We recommend that the District review the financial records and ensure that all items are recorded correctly.

Management's Response: The District will review financials.

Responsible Individual: During this time period, Tricia Clarin. Presently, Mishaela Chavez.

Corrective Action Plan: The District will e-mail the Board the financials.

Anticipated Completion Date: January 1, 2023

Finding 2019-002 Policies and Procedures (Significant Deficiency)

We recommend that the District develop written policies and procedures for all current financial processes and that approval of these policies and procedures by the Board of Trustees be documented.

Management's Response: The District concurs with this finding.

Responsible Individual: Tricia Clarin/Mishaela Chavez

Corrective Action Plan: The District will add to SOPD.

Anticipated Completion Date: January 1, 2023

Finding 2019-003 Payroll (Significant Deficiency)

We recommend that the District establish procedures to ensure that the required payroll tax returns are filed timely and that the taxes are withheld and paid to appropriate Federal or State authority.

Management's Response: Sometimes, QuickBooks failures cause late payroll filings.

Responsible Individual: Tricia Clarin/Mishaela Chavez

Corrective Action Plan: The District will pay taxes after every payroll.

Anticipated Completion Date: January 1, 2023

Finding 2019-004 Expenditures (Significant Deficiency)

We recommend that the District maintain adequate documentation to support expenditure payments.

Management's Response: Everything that was spent should have a backup.

Responsible Individual: Tricia Clarin/Mishaela Chavez

Corrective Action Plan: The District will keep all check stubs and receipts.

Anticipated Completion Date: January 1, 2023
