

ANIMAL TECHNICAL RESCUE

Awareness: October 7, 2023

Technician: October 8-9, 2023

Animal Technical Rescue Awareness and Technician

This course provides the knowledge and understanding of skills and resources necessary to respond to an ATR incident as a single incident, or as a component of large scale disaster involving large and small animal and human elements, and to do so in a safe and effective manner, with low impact on ongoing emergency services operations. This course also meets and exceeds NFPA 1670 Chapter 17.1-17.2 guidelines and covers the most likely animal species that first responders are called to rescue and manage: cattle (beef and dairy), horses, including working horses (police mounts, SAR), companion animals and working dogs (SAR, K-9). Awareness is a prerequisite for Technician.
