

Check out the Rescue Boat Operations Training video here! (<https://vimeo.com/189989845>)

Marine Firefighter Operations:

A five day, 40-hour POST certified course designed to give marine patrol officers first-hand knowledge of the hazards of marine firefighting. Marine patrol officers will receive the basic information from a lecture series and the experience of fighting live fires under controlled conditions. The POST course title is 'Boating: Marine Fires', presenter #9400, course #20190.

**Participants are required to bring fire turnout gear (including SCBA), a physician's medical clearance (clearing you to breathe compressed gases), an OSHA medical evaluation questionnaire, and face mask fit test clearance. Documents providing further information will be sent with registration confirmation.*

Boating Under the Influence:

A four day, 32-hour POST certified course designed to educate marine patrol officers on the current law regarding intoxicated vessel operation with emphasis on arrest procedures, chemical testing, report preparation, and courtroom preparation. The course includes training in the use of Horizontal Gaze Nystagmus (HGN), Standardized Field Sobriety Tests (SFSTs), and introduces the use of Preliminary Alcohol Screening Devices with the intent of providing marine patrol officers additional enforcement techniques useful in detecting the high tolerance drinker. The POST course title is 'Boating Intoxication Enforcement', presenter #9400, course #20220.

* Prerequisite: Students must have completed basic boat operator training (e.g. Basic Maritime Officer's course, Inland Boat Operations, or have twelve months of marine patrol experience).

Boating Accident Investigation:
