

BLOODBORNE PATHOGEN EXPOSURE TRAINING

Bloodborne Pathogens (BBP) Exposure Control Training which meets Cal/OSHA's BBP Standard 8 CCR 5193 and specified in California's H&S Code Safe Body Art Act is required for persons who may be exposed to BBP while performing their routine work functions. This includes, but is not limited to: tattoo artists, permanent cosmetics professionals, and body piercers. Additionally, the training and training material must be specific to performing body art. BBP training contact time must meet a minimum of two hours. Training must be renewed annually. Records must be kept for a minimum of three years.
