

100%  
COMPOSTABLE  
BAG

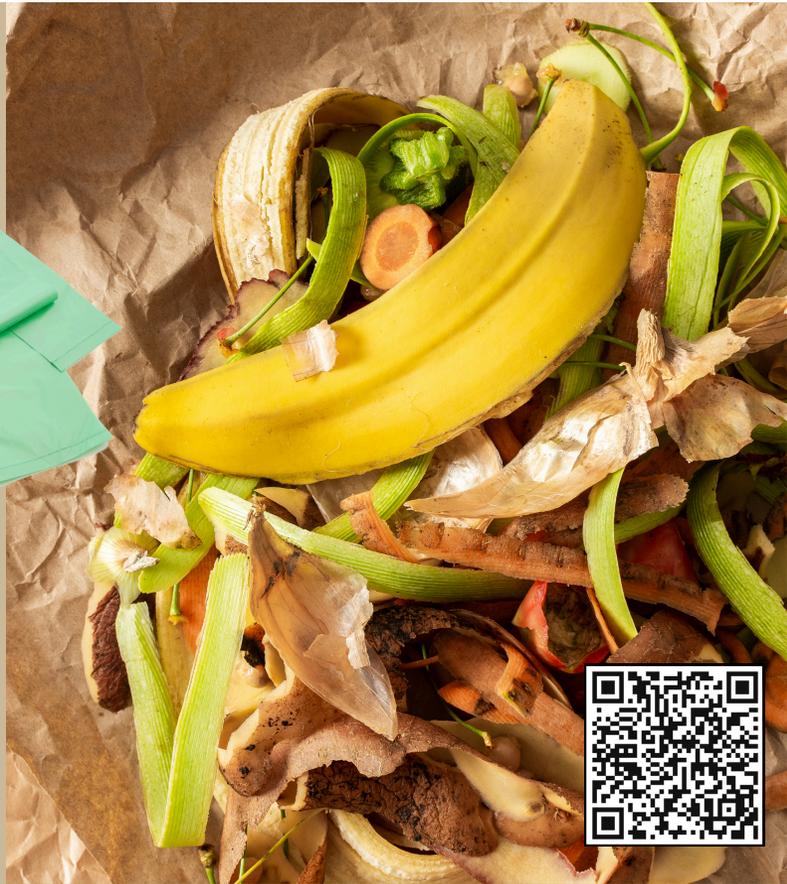

100%  
COMPOSTABLE  
BAG

## Compostable bags don't go with food waste.

The compost facility for Nevada County does not accept compostable bags because they do not break down in the 60-day processing time.

Put compostable bags in the trash. They will break down in the landfill.

**Put food waste in a paper bag or cardboard box.**
