

32 HOUR BACKGROUND INVESTIGATION WEBINAR

COURSE OBJECTIVES:

The 32-hour Background Investigations Course will provide the law enforcement or civilian personnel responsible for performing background investigations with P.O.S.T. guidelines for conducting, documenting and organizing investigations for the hiring of public safety personnel. Topics include legal foundations and reasonings, liability, interviewing techniques, document review, psychological evaluation and medical evaluation processes and an overview of forms available from P.O.S.T. to assist in the investigation. The course consists of hands-on and practical approaches to background investigations.
